1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

[illegible]

Analysis conducted from the 1990s to 2000s and later, using statistical analysis, revealed that the 1990s were a period of rapid growth for a little over half of the states, while the other half of the states had relatively little or no growth. The states that had relatively little or no growth were generally in the West and South, while the states that had rapid growth were generally in the Northeast and Midwest.

[illegible]

THE UNITED STATES OF AMERICA: The undersigned, a citizen of the United States, has been married and has been divorced and, if the conditions of a subsequent divorce have expired, has been married to the person with whom he has entered into the agreement and the agreement shall be null and void if the undersigned enters into another marriage or the order of the Board is rescinded.
