THE STATE OF NEW YORK

[illegible]

1. The first step in the process of the investigation is the identification of the problem. This is done by the investigator who is responsible for the study. The next step is the collection of data. This is done by the investigator who is responsible for the study. The next step is the analysis of the data. This is done by the investigator who is responsible for the study. The next step is the interpretation of the results. This is done by the investigator who is responsible for the study. The next step is the conclusion. This is done by the investigator who is responsible for the study.
