gon, hereinafter styled the District, and VINCENT HAVLINE  
and ROSE HAVLINE, husband and wife,  
hereinafter styled the Grantors;

WITNESSETH: the following grant and the following  
mutual covenants by and between the parties:

1. Grantors, each as to the portion of the herein-  
after described land which he owns or in which he has an  
interest, do hereby grant unto the District, its successors  
and assigns, an easement for water pipelines, which are a  
necessary part of the District's water distribution system,  
with all fixtures, devices and appurtenances necessary to  
the operation of said pipelines, within, over and across the  
following described land situated in the County of Klamath,  
State of Oregon:

North of Micka Road.

Together with a 20.00-foot-wide Temporary Working Easement lying East

2. Said pipelines shall be laid initially so that not less than two and one-half feet of earth measured from the outside of the pipe collar to the ground surface shall cover the pipelines except:

- (b) the fixtures, devices and appurtenances referred to in Article 1

in which case they may be any distance either below or above the ground surface. Unless otherwise provided by a surface easement granted herein, the District or its assignee shall not construct as an appurtenance to the pipelines an above ground structure with a length, width or diameter in excess of 48 inches or a height in excess of 60 inches without the consent of the Grantors.

3. Grantors reserve the right to cultivate, occupy and use the premises for any purpose consistent with the rights and privileges above granted and which will not interfere with, damage or endanger any of the structures or equipment of the District or the use thereof. The right to occupy and use the premises reserved by the Grantors herein shall include the construction of driveways, roads, fences, pipelines and ditches as long as they do not interfere with, damage or endanger any of the structures of the District or prevent reasonable access thereto for the purpose of operation and maintenance.

5. For and in consideration of the conveyance of the herein defined estate to the District, and in satisfaction of any and all claims which the Grantors have or may hereafter have against the District, arising out of the construction, operation and maintenance of the structures for which this easement is granted, the District shall:

Pay to the Grantors:

The amount of any damage which occurs as a result of and during the construction, reconstruction, laying, re-laying, control, use, removal, operation and maintenance of the structures for which this easement is granted to (a) trees, seedlings, vines and crops within or on the land herein described, and (b) improvements constructed on said land which are consistent with the rights and privileges granted by this contract to the District within the scope of Article 3 of this contract.

and the Grantors shall so accept said payment.

The payment to be made under the provisions of this article shall be made after the completion of the construction of the pipelines of the District in, through and on the land herein described and shall be in an amount determined by an appraisal made by the District.

6. The District may assign the easement granted herein to the United States of America subject to the terms hereof.

7. In case of permanent abandonment of said right-of-way, the title and interest herein granted shall end, cease, and terminate.

IN WITNESS WHEREOF, the parties have caused this contract and grant of easement to be executed the date hereinabove written.
