 The term of this lease is for the crop seasons of 1972, 1973 and 1974, or from date hereof until December 1, 1974.

Lessees agree to deliver to Lessors at harvest time one-fifth of all crops produced on said land during the term of this lease, delivered to any storage or shipping point designated by Lessors within 5 miles of the leased land. Cost of storing, cleaning, grading or shipping Lessors' share of said crops shall be paid by Lessors, and any expense incurred in hauling any part of said crops a distance greater than 5 miles from the leased land shall be borne by the parties according to their percentage of ownership of the same.

As between the parties hereto, Lessors agree to pay all taxes and assessments imposed against the leased land during the term of this lease promptly and before the same become delinquent.

Lessees covenant and agree to farm the leased land in a reasonably careful manner, according to approved practices in the community where the land is located; to plant only clean seed, reasonably free from disease and noxious weeds; to pay all costs of planting, farming, producing and harvesting all crops raised upon the land; together with the cost of hauling the crops to the aforementioned points of delivery; to pay all irrigation pumping charges; not to commit nor permit any strip or waste to the leased property; and to surrender the leased property upon the expiration of this lease in as good condition as received usual wear and tear and damage by fire and the elements excepted. This lease may not be assigned by Lessees without first securing the written consent of Lessors; and any attempted assignment shall immediately terminate the term of this lease, at the option of Lessors.

Lessors reserve the right to terminate this lease during the term hereof in the event Lessors desire to sell the leased land upon payment or tender to Lessees of the sum of \$2500.00. In the event of such termination, Lessees shall have the right to harvest any crops growing on the leased land at the time of said termination.

In the event the crops produced on the leased land are sold without segregation between Lessors and Lessees, the latter agree to have separate checks made for Lessees' share of any crops sold.

Lessees agree to execute and deliver to Lessors a financing statement covering Lessors' one-fifth interest in said crops.

This agreement shall extend to and bind the executors, administrators, heirs, successors and assigns of the respective parties hereto.
