1. The easements are conveyed for the purpose of construction, reconstruction, use and maintenance of a road for the purpose of providing access to and from lands now owned or hereafter acquired by the parties hereto.

2. Each party reserves for itself, its heirs, successors and assigns, the right at all times and for any purpose to go upon, cross, and recross, at any place on grade or otherwise, said right-of-way on lands owned by it and to use the road on said right-of-way in a manner that will not unreasonably interfere with the rights granted to the other parties hereunder.

3. Each party may grant to third parties, upon such terms as it chooses, any or all of the rights reserved by it herein; provided, that use by such party shall be subject to the terms and conditions of this Agreement and shall not unreasonably interfere with the rights granted to the other parties hereunder.

4. Each party hereto may permit its respective contractors, licensees, purchasers of timber or other valuable materials and their agents, to exercise the rights granted to it herein.

5. The cost of road maintenance and resurfacing shall be allocated on the basis of respective uses of said roads. When any party uses a road, that party shall perform or cause to be performed, or contribute or cause to be contributed, that share of maintenance and resurfacing occasioned by such use as hereinafter provided. During periods when a road is being used solely by one party, such party shall maintain that portion of said road so used to a standard existing at the time use commenced. During periods when more than one party is using said road or any portion thereof the parties hereto shall meet and establish necessary maintenance provisions.

For the purpose of this Agreement, maintenance is defined as the work normally necessary to preserve and keep the roadway, road structure and road facilities in such state of repair as to permit normal use by passenger cars.

6. Each party using any portion of said road shall repair, or cause to be repaired at its sole cost and expense, that damage to said road occasioned by it which is in excess of that which it would cause through normal and prudent usage of said road. Should inordinate damage to said road occur which is not caused by an authorized user of said road, the parties shall meet to agree upon the cost of replacement, the party to undertake the replacement, and the shares of replacement cost to be borne by each user of said road.

7. Unless the parties hereto agree in writing to share the cost of improvements in advance of such improvements being made, such improvements shall be solely for the account of the improver.

8. Each party hereto reserves to itself all timber now on or hereafter growing within the right-of-way on its said lands.

9. In the event said lands shall be fenced, each party shall have the right to install gates across said road and require that said road be closed when not in use. Each party shall install its own locks on said gates in such a manner as to allow the other party
