BOARD OF COUNTY COMMISSIONERS
In and For the County of Klamath, State of Oregon

IN THE MATTER OF THE)
COMPREHENSIVE LAND USE)
PLAN CHANGE ASSOCIATED)
WITH ZONE CORRECTION)
NUMBER 74-71 BY)
ELMER JACOBS)

O R D E R

This matter having come on for hearing upon the application of Elmer Jacobs, said change application being numbered Zone Correction 74-71, and the Comprehensive Land Use Plan map, Area #8, having been heretofore recommended to be changed from Forestry to Multiple Density Residential designation by the Klamath County Planning Commission, a description of the real property referred to in said application being marked Exhibit A, attached hereto and by reference made a part hereof, and a public hearing on said application having been regularly held on November 26, 1974, before the Board of Commissioners and it appearing to said Board of Commissioners from the testimony, reports, and information produced at said hearing by the applicant, the Planning Commission and Planning Department, that the Comprehensive Land Use Plan should be changed, the Board of Commissioners makes the following findings:

1. The applicant testified his property, consisting of approximately 14.4 acres and located approximately one-half mile south of Bly, Oregon, had been improved with the intent of operating a mobile home park.

2. The applicant produced evidence showing conveyance of the property to him, a copy of the water well report, and a well driller's report proving installation of a central 10" well system with 8" casing, a 2 hp pump and a 120-gallon tank, all accomplished prior to the adoption of county-wide zoning on December 7, 1972, and with the intent and purpose of establishing

a mobile home park on applicant's property.

3. Through an error or mistake, confirmed by the Klamath County Planning Director, the subject property had not been properly designated for the existing use on the Comprehensive Land Use Plan maps.

Based upon the above findings of fact, the Board reaches the following conclusions of law:

1. The Planning Commission acted properly in recommending to the Board of Commissioners a correction on the Comprehensive Land Use Plan map, Area #8, from Forestry to Multiple Density Residential designation on the applicant's property.

2. There was a mapping error on the Comprehensive Land Use Plan maps which, as originally adopted, should have shown the Multiple Density Residential use on the applicant's property.

NOW, THEREFORE, IT IS HEREBY ORDERED that the Comprehensive Land Use Plan associated with the application for Zone Correction 74-71, involving the map designated Area Map No. 8, the application for said land use change from Forestry to Multiple Density Residential, a particular description of the real property referred to in said application being marked Exhibit A, attached hereto and by reference made a part hereof, is hereby approved because of a mapping error.
