There shall be reserved to Vendor, their heirs, executors, administrators and assigns, the non-exclusive right to travel for agricultural purposes over and across the easterly drain embankment road from Vendor's south property line, which is the east-west centerline of Section 30, Township 40 South, Range 9 East, W.M., Klamath County, Oregon (approximate Station 260+00), northerly to Vendor's north property line, which is the northerly boundary of said Section 30 (approximate Station 295+00).

There shall be reserved to Vendor, their heirs, executors, administrators and assigns, all of their interest in and to all oil, gas or minerals in or under said land, without, however, the right to dig, drill or mine therefor through the surface of said land, or within 100 feet of the surface.

The above reserved rights of way shall be so exercised as not to interfere with the use of the land by the United States or endanger facilities of the United States on said lands.

4. The United States shall purchase said property on the terms herein expressed, and on execution and delivery of the deed required by Article 3 and approval by the proper officials of the United States, it shall cause to be paid to the Vendor by United States Treasury warrant or fiscal officer's check as full purchase price the sum of THREE HUNDRED FIFTY AND NO/100 DOLLARS (\$350.00) and such additional sum, if any, as may result from the provisions of Article 4a hereof.

4a. If that portion of the land herein described that is now planted to crops is not required by the United States prior to the time of harvest of said crops, Vendor shall have the right to cultivate, harvest and take said crops at Vendor's expense and risk. If said land is required by the United States prior to the time of harvest of said crops, then the United States shall pay to Vendor in addition to the sum provided in Article 4 hereof and as full compensation for said crops, an amount of money to be determined on the basis of an appraisal of the value of said crops to be made by the United States. Provided, that if it is possible to secure a salvage value by harvesting the crops prior to full maturity and a harvesting under those circumstances is accomplished, the proceeds from such a harvesting will be deducted from any amount otherwise due the Vendor hereunder.

5. The expenditure of any money by the United States or the performance of any work by the United States hereunder shall be contingent upon appropriations of money by Congress or appropriate allotments of funds being made. Liability of the United States under this contract shall continue, however, subject only to the appropriate laws and statutes of the United States.

6. Abstracts or certificates of title or title insurance will be procured by the United States at its expense unless otherwise provided in this contract. The expense of recording this contract and the deed required by Article 3 shall be borne by the United States.

The United States, if billed, may pay direct to the billing party or may reimburse the Vendor in an amount deemed by the United States to be fair and reasonable for the following expenses incurred by the Vendor:

- (a) Recording fees, transfer taxes and similar expenses incidental to conveying the real property described herein to the United States.
- (b) Penalty costs for prepayment of any pre-existing recorded mortgage entered into in good faith encumbering said real property; and

7. In the event that liens or encumbrances, other than those expressly provided herein, do exist, the United States may, at its option, remove any and all such outstanding liens and encumbrances by reserving from the purchase price herein set forth the necessary amount, and may discharge the same with the money so reserved, but this provision shall not be construed to authorize the incurrence of any lien or encumbrances against this contract, nor as an assumption of any lien or encumbrance by the United States.

8. This contract shall become effective to bind the United States to purchase said property immediately on its execution by the contracting officer acting under the authority of the Secretary of the Interior, and shall inure to the benefit of and be binding on the heirs, executors, administrators and assigns of the Vendor, and the assigns of the United States.

10. If the Secretary of the Interior determines that the title should be acquired by the United States by judicial procedure, either to procure a safe title or to obtain title more quickly or for any other reason, then the award to be made for the interest acquired in said lands in said proceedings shall be the same amount as the purchase price herein provided.

11. The Vendor warrants that the Vendor has not employed any person to solicit or secure this contract upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the United States the right to annul the contract, or, in its discretion, to deduct from the contract price or consideration the amount of such commission, percentage, brokerage, or contingent fees. This warranty shall not apply to commissions payable by contractors upon contracts or sales secured or made through bona fide established commercial or selling agencies maintained by the Vendor for the purpose of securing business with others than the United States.

12. No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract, or to any benefit that may arise therefrom, but this restriction shall not be construed to extend to this contract if made with a corporation or company for its general benefit.
