

41580 Notice of Location of Placer Claim

STATE OF OREGON

County of

KLAMATH

B Mining District

NOTICE HEREBY IS GIVEN That the undersigned locators, each a citizen of the United States or one who has declared his intention to become such, have discovered a placer deposit of minerals upon the unappropriated public domain of the United States within the above state, county and mining district, which minerals are subject to location under the mineral and mining laws of the United States, and have located and hereby do locate a placer claim thereon, named the DAVID P. ROBINSON #1 Claim, which is described as follows:

Original Notice was filed at Klamath Falls, Oregon Courthouse July 19, 1968 M 68 page 6548 # 24633

word "North,"  
"South," "East"  
or "West" as  
the situation  
requires.

E 1/2 of NW 1/4 of SE 1/4

All location work mentioned on back was done before July 18, 1968.

The above described placer claim contains 20 acres. The locators intend to hold and work the above described claim as provided by the laws of the United States and of the State of Oregon and the customs, rules and regulations of the said Mining District and claim all of the rights and privileges granted by existing laws and customs. In construing this location notice, the singular includes the plural and vice versa if the context so requires.

The adjoining claims are DAVID P. ROBINSON #1 on  
WEST BOUNDARY AND DAVID P. ROBINSON #3 ON EAST BOUNDARY

NOTARY PUBLIC  
The laws of nearly all western states contain special requirements for location notices. These requirements differ from state to state. The Oregon requirements appear on the reverse hereof. If the claim for which this form is used is situated outside of Oregon, change the name of the state above and, before recording, carefully check the foregoing location notice with the laws of the state and the regulations of the mining district in which the claim is situated to ensure that the notice contains all things required.

## Excerpts from the mining laws of the United States, 30 U. S. Code Annotated.

Sec. 51 "A mining claim \*\*\* may equal but shall not exceed 1600 feet in length along the vein or lode; but no location of a claim shall be made until the discovery of the vein or lode within the limits of the claim located. No claim shall extend more than 300 feet on each side of the middle of the vein at the surface \*\*\*. The end lines of each claim shall be parallel to each other."

Sec. 55 "All records of mining claims \*\*\* shall contain the name or names of the locators, the date of the location, and such a

## Excerpt from Chapter 517, Oregon Revised Statutes 517.041 Location—Placer Claims

## (Placer Deposits)

517.042 "Legal subdivision", defined for ORS 517.042 to 517.052. As used in ORS 517.042 to 517.052, unless the context requires otherwise, "legal subdivision" means a subdivision of a state survey or of a United States survey which has been extended over the geographic area to be described.

517.044 Location of claims upon placer deposits; posting notice. Any individual, a citizen of the United States, or one who has declared his intention to become such, who discovers a placer deposit of minerals upon the unappropriated public domain of the United States within this state which minerals are subject to location under the mineral and mining laws of the United States, may locate a placer claim thereon by posting in a conspicuous place thereon a notice of such discovery and location. The notice shall contain:

- (1) The name of the claim;
- (2) The name of the individual or individuals locating the claim;
- (3) The date of the location of the claim;
- (4) The number of feet or acres claimed, together with a description, either by legal subdivisions, if practicable, or if not, then by reference to some natural object or permanent monument in the vicinity of the claim, which will identify the claim located;

517.045 Marking boundaries of claims; location by legal subdivisions. (1) Unless the claim for placer deposit referred to in ORS 517.044 is located by legal subdivisions, the surface boundaries of the claim must be marked so that they can be readily traced. Such boundaries shall be marked within 30 days after the posting of the notice described in ORS 517.044 by substantial posts or other monuments of the same size, material and dimensions as in the case of quartz claims, where the boundaries of the claim shall be marked at each corner or angle, and where any side or end of the claim extends for more than 1,220 feet without a corner or angle, then at intervals of not less than 1,320 feet along such side or end.

(2) Where the claim for placer deposit referred to in ORS 517.044

description of the claim or claims located by reference to some natural object or permanent monument as will identify the claim."

Sec. 55 "Placer claims, including all forms of deposit, excepting veins and lodes or other rock in place shall be subject to entry and possession \*\*\* open similar proceedings as are provided for vein and lode claims; \*\*\* no such location shall include more than twenty acres for each individual claimant."

is taken by legal subdivisions, no other reference in the notice of claim required to be made and filed under the provisions of ORS 517.042 to 517.052 than to the legal subdivisions shall be required and the boundaries of a claim so located and described need not be staked or unmounted. The description by legal subdivisions in the notice required to be filed under ORS 517.042 shall be deemed the equivalent of marking the surface boundaries of the claim.

517.054 Recording copy of location notice fee. The individual locating a placer deposit shall, within 60 days from the posting of the location notice upon the claim, file for record with the recorder of conveyances, if there is one, otherwise with the clerk of the county where the claim is situated, a copy of the notices posted upon the claim. The fee for filing such location notice shall be the same as required by ORS 517.050 for recording location notices of mineral-bearing rock claims (\$1.00). The recorder or clerk, in the case, may be, shall immediately record the location notice in a book kept by him for that purpose.

517.055 Correcting defective notice of location. If, at any time, an individual who has located a mining claim within the meaning of ORS 517.010 or 517.044, or his assignee, apprehends that the original notice of the mining claim was defective, erroneous, or that the requirements of the law had not been complied with before the filing of the notice, such locator or assignee may post and file for record in the manner now provided by law, an amended notice of the location which shall relate back to the date of the original location; provided, that such posting and filing of the amended notice of location shall not interfere with the existing rights of others at the time of posting the amended notice.

5 Oregon Revised Statutes 517.10(2) provides that, the boundaries of vein or lode claims shall be marked by six substantial posts, projecting not less than three feet above the surface of the ground, and not less than four inches square, or in diameter, or by substantial mounds of stone, or earth and stone, at least two feet in height, to wit: one such post or mound of rock at each corner and at the center ends of such claims.
