1. In March, 1968, the Director was advised that the "Officers" and "Employees" of the "United States" were to make the "Proclamation" of the "United States" to the "United States" and to the "United States".

2. In continuing the "Proclamation" of the "United States" to the "United States" and to the "United States".

The time and cost of the project was not the primary factor in the selection of the project. The project was selected because it was a high priority project for the company and it was a good opportunity to test the new system. The project was completed on time and within budget. The project was a success and it was a good opportunity to test the new system.
