Over \$1100.00 in work was done on claims named Gem David 34 & 35.

Work was done for two years 1983 and 1984. This was for all the claims mentioned above.

Number of days labor performed: Four months. Value of Improvements: \$5500.00

Character and location of improvements: Build a road that will connect all claims, drill holes to show mineral deposit, build rock wall.

Dates of performing labor and making improvement: I work on the claims the year round. I was trying to build a road that would connect all the claims together. This road will be needed if all the claims are put into production. All work is completed and the total was figured in September.

Performed at request of and for the benefit of: Bonanza Gemstone Mining Company and David Perry Robinson.

Performed by: David Perry Robinson

Amount paid and by whom paid (if work done by other person than owner or owners):

David Perry Robinson

Federal law requires that if less than \$100 worth of labor must be performed or improvements made on a mining claim annually to hold the possessory right to the claim. The period within which the work is required to be done commences at 12:00 o'clock Meridian on the first day of September succeeding the date of location of the claim. Oregon law (ORS 51A.010) requires that proof of the performance of labor or making of improvements must be made by affidavit filed in the mining records of the county in which the mining claim is situated, within 30 days after the performance of labor or making of improvements.

IMPORTANT NOTICE: A mining claim is deemed abandoned under 43 U.S. Code Sec. 1744 unless a copy of the official record of an affidavit of assessment work performed, a notice of intention to hold a mining claim, or a detailed report under 30 U.S. Code Sec. 28-1 is also filed annually for recordation with the state office of the Bureau of Land Management in Portland on or before December 30th of each year following the calendar year in which the claim was located. Because BLM recordation regulations change periodically, you should obtain recordation regulations from your local BLM office to determine effective requirements for mining claims. Additional regulations of the BLM and Forest Service may apply to the conducting of mining operations on national forest and BLM administered lands.
