QUIET TITLE ON PATENT RIGHT

I, Leo Alexander Hoad, Jr., am a Free Sovereign Individual of God and in Law, which Law is Article I through 7, the Bill Of Rights, and pursuant Positive Law. Such an Individual is one who can labor or sign a contract with a Corporate entity and/or Article III Amendments eleven through twenty-six, without impairment of Rights, Protections and Liberties. Such Article III and Corporate entities being artificial, the free individual shall enjoy the fruits of his labor as a free man.

The Patentee has, by the United States Constitution, Acts pursuant thereto passed by Congress, and Patent Laws of Title 35, all Rights to: learn, natural/common or created modes of mobility, labor, wages, compensation, gains, ideas, Constitutional money, real property, personal property, (whether by possession or by action), which includes knowledge, information, unfettered use of: life, issue, substance, property, Rights, protections, and due process, of God and in Law.

Whether the Patentee is whole or part, walking, driving, or in a conveyance, or redressing grievance against/upon the Government(s), all of his Patent Rights are surrounded by the claims of the Patentee, as guaranteed of GOD and by the Constitution of these United States.

Under the Constitution, Government by Law, and Lawful Acts pursuant thereto, Government(s) exist solely and exclusively for the protection of free individual's Rights, Life, Liberty, Property, and immunities; NOTICE: A party who holds a Right of God and in Law has free and unfettered exercise of that Right; excluding only that issue that would violate/abridge another parties Right(s). Therefore, by definition, such Lawful protection is the only Lawful act in the interest of the Public, in the interest of the Governments of the Country, or of the General Welfare, and no other.

Whereas, the Patentee denies any artificial being, Officer, Citizen, Person, or otherwise, any jurisdiction over his Natural Person and Rights; Any one who attempts to commit, or commits any infringement and/or abridgement upon or into, the Rights of the Patentee, will be held to have committed a breach of trust and an invasion of Rights, or where the servant has become the master and the master the slave, an estoppel will be ordered by the Patentee, immediately, with a permanent injunction.

Actors and transgressor, whether artificial beings or otherwise, will be subject to prosecution in a proper Court of Law as guaranteed by the Constitution of these United States.

Therefore, I, as a Free Sovereign Individual, do, by this conveyance, declare and secure my inalienable Rights to Life, Liberty, property and the pursuit of happiness of GOD, in Law, and no other.

Therefore, the Patentee makes this declaration to one and all, to the enemy, and his friends: with the filing/recording of this document, it shall be so declared and in full force so long as the Patentee has breath and/or the
