(1) If Customer signed this contract before October 1, 1982, and the entire amount owed under this contract is voluntarily prepaid before the scheduled date of the final payment, whether by cash, refinancing, or otherwise, Customer will receive a rebate of unearned service charge computed in the following way: Creditor will deduct and retain from the service charge an acquisition fee of \$10 if the Cash Sale Price stated on the front of this contract is \$100 or less, \$15 if the Cash Sale Price is \$100.01 to \$250, \$25 if the Cash Sale Price is \$250.01 to \$500, or \$50 if the Cash Sale Price is more than \$500; the rule of 78's will be applied to the part of the service charge that remains after deducting the acquisition fee; a rebate will not be made unless the rebate amount is \$1 or more.

(2) If Customer signed this contract on or after October 1, 1982, and the entire amount owed under this contract is voluntarily prepaid before the scheduled date of the final payment, whether by cash, refinancing, or otherwise, Customer will receive a refund credit of the unearned portion of the service charge. The amount of the refund credit shall be not less than the total service charge contracted for to maturity, less the greater of: (a) ten percent of the amount financed or \$75, whichever is less; or (b) the service charge earned to the instalment due date nearest the date of prepayment, computed by applying the effective rate on the contract to the actual principal balances outstanding for the periods of time the balances were actually outstanding. For purposes of rebate computations under this subparagraph (2), the instalment due date preceding the date of prepayment shall be considered to be nearest if prepayment occurs 15 days or less after that instalment date. If prepayment occurs more than 15 days after the preceding instalment due date, the next succeeding instalment due date shall be considered to be nearest to the date of prepayment. In determining the effective rate, Creditor may apply to the scheduled payments the actuarial method, by which each scheduled payment is applied first to the accrued and unpaid service charges and any amount remaining is applied to reduction of the principal balance. When the amount of the refund credit is less than \$2, no refund will be made.

(3) If payments are not made as agreed, or any other default under this contract occurs, Creditor may at Creditor's option and without notice, declare the entire amount owing under this contract immediately due, in which case Creditor will credit the contract with a rebate of any unearned service charge, computed in the same way as stated in (1) or (2) above, for a voluntary prepayment, as applicable.

Events of Default/Foreclosure. The following are events of default under the mortgage: (1) Customer fails to make any payment on this contract when due; (2) Customer fails to insure the Property with Fire and extended coverage insurance and keep the Property in good order and repair; required insurance may be obtained through any insurer Customer chooses; (3) Customer fails to pay all taxes, assessments, liens, and other encumbrances which might take priority over this mortgage when they are due. After a default and subject to customer's right of redemption and other rights under law, the mortgage may be foreclosed and the Property sold to pay this contract.

Right After Default. Customer will be liable for any expenses that Creditor may incur to insure Creditor's interest in the Property and to pay off taxes, assessments, liens and encumbrances on the Property, if Customer fails to do so, together with interest at 12% a year from the date such expenses are incurred until they are paid. If payments are not made as agreed, or any other default under this contract occurs, Creditor may, at Creditor's option, and without notice, declare the entire amount owing under this contract immediately due. After any default Customer will be liable for the following reasonable costs of collection incurred: (1) reasonable amounts spent in repossessing, foreclosing, holding, preparing for disposition, and disposing of the Property; (2) reasonable lawyers' fees, including any for appeals that are paid or owed to lawyers who are hired to collect the contract or to foreclose the mortgage and who are not Creditor's salaried employees, or that are set by a court; (3) any court costs and disbursements set by a court.
