Sec. 23 Excerpts from the mining laws of the United States, 30 U.S. Code Annotated Sec. 23.—"*** A mining claim *** may equal, but shall not exceed, one thousand five bundred feet in length along the vein or lode; but no location of a mining claim shall be made until the downery of the vein or lode within the limits of the claim located. No claim shall extend more than three hundred of each claim shall be parallel to each other." Sec. 28-"" * * * The location must be distinctly marked on the ground so

that its boundaries can be readily traced. All records of mining claims *** shall contain the name or names of the locators, the date of the location, and such a description of the claim or claims located by reference to some natural object or permanent monument as will identify the claim.****

517.030, Abandoned claims. Abandoned claims are unappropriated min-eral lands, and titles thereto shall be obtained as specified in ORS 517.010 to 517.030, without reference to any work previously done thereon.

Excerpts from Chapter 517, Oregon Revised Statutes Re: Location-Vein and Lode Claims 517.010. Location of mining claims upon veins or lodes. (1) Any person, a citizen of the United States, or one who has declared his intention to become unappropriated public domain of the United States within this state, may locate a claim upon such vein or lode by posting thereon a notice of such discovery and location. The notice shall contain:

(b) The names of the locators.

(c) The date of the location.

 $\overline{c_{i}}$

(c) The date of the location.
(d) The number of linear feet claimed along the vein or lode each way from the point of discovery, with the width on each side of the lode or vein.
(e) The general course or strike of the vein or lode as nearly as may be, and by defining the boundaries upon the surface of each claim so that the vein the defining the defining the defining the surface of each claim so that the vein the definition of the vein the surface of each claim so that the vein the definition of the definition.

(2) Such boundaries shall be marked within 30 days after posting of such notice by six substantial posts, projecting not less than three feet above the surface of the ground, and not less than four inches square or in diameter, height, towit: one such post or mound of rock at each corner and at the center ends of such claims.

CAUTION: The laws of nearly all western states contain special requirements for location notices. These requirements differ from state to state. The Oregon requirements are used for this form. If the claim for which this form is used is situated outside of Oregon, change the name of the state to state. The Oregon and, before locating the claim, carefully check this location notice with the laws of the state and the regulations of the mining district in which the claim is situated to ensure that the notice contains all things required.

517.030, without reference to any work previously done thereon. 517.060. Correcting defective notice of location. If at any time an in-dividual who has located a mining claim within the meaning of 0.055 517.010 the mining claim sasigns, apprehends that the original notice of location of law had not been was defective, errocated, or that the requirements of the or assigns my post and file for record the filing of the notice, such location an amended notice of the location which shall relate back to provided by law, of location shall not interfere with the existing rights of others at the time of opsting the amended notice.

Necessary steps in locating a vein or lode claim,

I. Make a discovery of a valuable mineral deposit on federal land that is open to mineral entry and location. 2. Post a completed notice of location at the point of discovery on a post

3. Stake claim within 30 days of date of posting notice.

4. File copy of notice of location with county clerk for the county in which the claim is located. Filing fee is as set, by ordinance of the county governing body. Notice may be mailed in for recording. Notice must be 're-corded within 60 days from the posting of the notice on the claim.

5. Record the claim with the BLM state office within 90 days after the s of location of the claim. If record by mail, obtain a return receipt.

Area and shape of a vein or lode claim. And a fire ungiges of sand the

Area and shape of a vein or lode claim: A vein or. lode claim can be not more than 1600 fact in length and can a full sized vein or. lode claim embraces an area of the vein or lode (Fig. 1-A). A full sized vein or. lode claim embraces an area of the vein or lode (Fig. 1-A). areas, Although most claims are rectangular they mightly more than 20% of non-rectangular claims it should be noted that the end-lines heed araity limited to 600 feet in length (Fig. 1-B). Requirements of a vein or lode claim (Fig. 1-C).

1. Location notice posted at or near point of discovery.

2. At a minimum, four claim corner posts, or mounds of stone, and two eenter end posts, or mounds of stone. All posts must be at least 4 inches square or in diameter, and must project at least 3 feet above the ground. Mounds of stone, or earth and stone, must be at least 2 feet in height.

IMPORTANT NOTICE: A mining claim is deemed abandoned under 43 U.S. Code Sec. 1744 unless a copy of the official record of the potice of location is filed with the state office of the Bureau of Land Manazement in Portland within 90 days after the date of location of the claim. Because filed to be an indices of intention for your local guidance to determine official record of the BLM recordation of regulations change periodically, you should obtain recordation regulations from your local guidance to determine official record of the BLM recordation of Service may apply to the conducting of mining operations on national forest and BLM administered lands.

Placer claims are generally located where minerals have been derived from rocks or veins to form deposits such as stream gravels and gold-bearing al-luvium. FIG.L (A)

A placer discovery will not sustain a lode location, nor will a lode dis-covery sustain a placer location. Vein or lode claims are generally located where minerals occur in place in veins or lodes. For a lode claim there must be nabar, lead, tin, copper or other rock in place bearing gold, silver, cin-anabar, lead, tin, copper or other valuable deposits **. 30 U.S. Code Sec. 23.

Vein or lode or placer location.

Strates the: Location—vein and Loue Lisins 517,030. Recording copy of location notice; fee. The locator shall, within 60 days from the posting of the location notices by him upon the claim, file for record with the clear of the county where the claim is situated who shall be the custodian of mining records and miner liens, a copy of the set by order by him upon the lode or claim and shall pay the clerk a fee elerk shall inmediately pay over to the treasurer of the county and shall take of other county find the county funds coming into the posses is not ach officer. The clerk shall immediately record the location notice.
