Excerpts from the mining laws of the United States, 30 U.S. Code Annotated Sec. 28 - " . . The location must be distinctly marked on the ground so

that its boundaries can be readily traced. All records of mining claims *** shall contain the name or names of the locators, the date of the location, and such a description of the claim or claims located by reference to some nature object or permanent monument as will identify the claim.*** designate the location of the claims with reference to the lines of the public survey, but need not conform therewith • • • •

Excerpts from Chapter 517, Oregon Revised Statutes Re: Location-Vein and Lode Claims

strutes kie: Location--vein and Lode Claims 517.030. Recording copy of location notice: fee. The locator shall, within claim, file for the posting of the location notices by the upon the lode of the claim, file for the cost of the county where the claim is situated claim, file for the cost of the county in the location of the location set by ordinance him upon the lode or claim and miners lines, a copy of the clark shall immediately pay over for the treasurer of such record, which sum the lis receipt thereford, as in case of other county funds coming into the posses sion of such officer. The clerk shall immediately record the location notice.

517.040. Abandoned claims. Abandoned claims are unappropriated min-oral lands, and titles thereto shall be obtained as specified in ORS 517.010 to 517.030, without reference to any work previously done thereon.

517.010. Location of mining claims upon veins or lodes. (1) Any person, a citizen of the United States, or one who has declared his intendent of the United States, or one who has declared his intendent of the united states are upon the denain of, the United States within this state, may discovery and location. The notice shall contain:

(c) The date of the location.

(c). The date of the location.
(d) The number of linear feet claimed along the vein or lode each way from the point of discovery, with the width on each side of the lode or vein.
(e) The general course or strike of the vein or lode as nearly as may be, and by defining the boundaries upon the surface of each claim so that the vein y be readily traced.

same may be readily traced. (2) Such boundaries shall be marked within 30 days after posting of such notice by six substantial posts, projecting not less than three feet above the or by substantial mounds of stone, or earth and stone, at least two feet in height, to-wit: one such post or mound of rock at each corner and at the

CAUTION: The laws of nearly all western states contain special requirements for location notices. These requirements differ from state to state. The Oregon and, before locating the claim, carefully check this location notice with the laws of the state and the regulations of the mining district in which the claim is situated to ensure that the notice contains all things required.

517.030, without reference to any work previously done thereon. 517.060, Correcting defective notice of location. If at any time an in-or 517.044, or his assigns, apprehends that the original notice of location of the mining claim was defective, erroneous, or that the proving of ORS 517.010 law had not been could be the original notice of location of or assigns my post and file for record the filing of the requirements of the an inded notice of the location which shall relate how provided by law, of location shall not interfore with the existing rights of others at the time of posting the amended notice.

Necessary steps in locating a vein or lode claim, 1. Make a discovery of a valuable mineral deposit on federal land that is open to mineral entry and location.

2. Post a completed notice of location at the point of discovery on a post 3. Stake claim within 30 days of date of posting notice.

4. File copy of notice of location with county clerk for the county in which the claim is located. Filing fee is as set by ordinance. of the county coverning body. Notice may be mailed in for recording. Notice must be re-corded within 60 days from the posting of the notice on the claim. date of location of the claim, If record by mail, obtain a return receipt.

Area and shape of a vein or lode claim. If this of the stourn receipt. Area and shape of a vein or lode claim, in the control of the difference with a vein or lode claim can be not more than 300 feet on either side of the vein in length and can acres. Although most claims are motaces an area of slightly more than 20% of non-rectangular they may have a variety of imited to 600 feet in length (Fig. 1-B).

Requirements of a vein or lode claim (Fig. 1-C); 1. Location notice posted at or near point of discovery.

Mounds of stone, or earth and stone, must be at least 2 feet in height. IMPORTANT NOTICE: A mining claim is deemed abandoned under 43 U.S. Code Sec. 1744 unless a copy of the official record of the notice of location is filed with the state office of the Bureau of Land Management in Portland within 90 days after the date of location of the claim. Because of location is filed regulations change periodically, you should obtain recordation regulations from your local BLM office to discation of the claim. Because BLM recordation is filed Service may apply to the conducting of mining operations on national forest and BLM administered lands.
