Excerpts from the mining laws of the United States, 30 U.S. Code Annotated

Sec. 28-" * * * The location must be distinctly marked on the ground so

517.010. Location of mining claims upon veins or lodes. (1) Any person, a citizen of the United States, or one who has declared his intention to become such, who discovers a vein or lode of mineral-bearing rock in place upon the unappropriated public domain of the United States within this state, may locate a claim upon such vein or lode by posting thereon a notice of such discovery and location. The notice shall contain:

(b) The names of the locators.

543

ം -പ്പ പ

æ.

1

х.э

(c) The date of the location our portent the singular includes (d) The number of linear feet claimed along the vein or lode each way from the point of discovery, with the width on each side of the lode or wein.

(e) The general course or strike of the vein or lode as nearly as may be, with reference to some natural object or permanent monument in the vicinity, and by defining the boundaries upon the surface of each claim so that the ay be readily traced.

(2) Such boundaries shall be marked within 30 days after posting of such notice, by six substantial posts, projecting not less than three feet above the surface of the ground, and not less than four inches square or in diameter, or by substantial mounds of islose, or carth and stone, at least two feet in height, to wit: one such post or mound of incok at such corner and at the center ends of such claims. If the first of the such corner and at the

CAUTION: The laws of scatty all waters states contain special requirements for becation notices. These requirements differ from state to state. The Origon requirements are used for this form. If the claim for which this form is used is situated entiated on the state the name of the state on the restrict state on the restrict state on the restrict state of the state on the restrict state of the state on the restrict state is and, before locating the claim, carefully check this location notice with the laws of the state and the regulations of the mining district in which the claim is sinsted (contained on the restrict state on the restrict state on the restrict state on the restrict is which the claim is sinsted (contained on the restrict state) and the state of the state and the regulations of the mining district in which the claim is sinsted (contained on the restrict state).

Vies and thape of a sein or poor clean h side of the middle of said vein or

Area and gape of a vein or not more than, 1500 (feet in length and can; free A vein jor, lodg-chain can be not more than, 1500 (feet in length and can; extend not more than 300 feet on either side of the vein or lode (Fig. 1.A). A! fall using vein jor, lodg-chain embraces an area of slightly-more than 20% areas. Although most claims are rectangular they may have a variety of shapes, the only requirement being that the end-lines be parallel. In the case of non-rectangular claims is should be noted that the end-lines need not be limited to 600 feet in length (Fig. 1-B). [GCT 10 13

Requirements of a vein or lode claim (Fig. 1-C),

..... 1. Location notice posted at or near point of discovery. ... وأروانية وأردره وأراري 2. At a minimum, four claim corner posts, or mounds of stone, and two center end posts, or mounds of stone. All posts must be at least 4 inches square or in diameter, and must project at least 3 fect above the ground. Mounds of stone; or carth and stone, must be at least 2 fect in height.

IMPORTANT NOTICE: A mining claim is deemed abandoned under 43 U.S. Code Sec. 1744 unless a copy of the official record of the notice of location is filed with the state office of the Bureau of Land Management in Portland within 90 days after the date of location of the claim. Because BLM recordation regulations change periodically, you should obtain recordation regulations from your local BLM office to determine effective requirements for recordation of notices of location, affidavits of annual assessment work, and notices of intention to hold a mining claim. Additional regulations of the BLM and the Forest Service may apply to the conducting of mining operations on national forest and BLM administered lands.
