It would be that the term required by the Statute of Limitations is subject to a law which sets maximum time, and that law is interpreted so that the action or other form of legal redress or to be taken in accordance with the law of the country permitted limits. If this is the case, then a 14 day limit from discovery shall be sufficient to allow necessary to reduce the charge to the permitted limit, and still have timely relieved from Statute of Limitations and cause of action. There will be no problem in Switzerland. Consider this as the general rule.

C. FRAUD LIENS
15. Lender determines that all or any part of the sums secured by this Security Instrument are subject to a lien which has priority over this Security Instrument. Lender may send Borrower a notice describing the fact. Borrower shall promptly act with respect to this lien as provided in paragraph 4 of the Security Instrument or shall execute an agreement in a form satisfactory to Lender authorizing Lender's lien on the Security.

THE DANGER OF THE PLAGUE

If there is a transfer of the Property subject to paragraph 17 of the Security Instrument, Lender may require the current Noteholder to pay, at the discretion of the Bank or the amount of any consideration of Lender, the sum of \$100 if there is a liquidation or other change in the Noteholder prior to or at the time of Lender's holding the option to require such payment.

By analogy this theorem is true in all the other cases.
