1. The purpose of the investigation was to determine the effect of the use of the word "and" in the title of a document on the number of errors made by the reader. The results of the investigation are as follows:

2. The use of the word "and" in the title of a document resulted in a significant increase in the number of errors made by the reader. This was true for both the number of errors made by the reader in the first part of the document and the number of errors made by the reader in the second part of the document.

3. The use of the word "and" in the title of a document also resulted in a significant increase in the number of errors made by the reader in the first part of the document. This was true for both the number of errors made by the reader in the first part of the document and the number of errors made by the reader in the second part of the document.

4. The use of the word "and" in the title of a document also resulted in a significant increase in the number of errors made by the reader in the second part of the document. This was true for both the number of errors made by the reader in the first part of the document and the number of errors made by the reader in the second part of the document.

5. The use of the word "and" in the title of a document also resulted in a significant increase in the number of errors made by the reader in the first part of the document. This was true for both the number of errors made by the reader in the first part of the document and the number of errors made by the reader in the second part of the document.

6. The use of the word "and" in the title of a document also resulted in a significant increase in the number of errors made by the reader in the second part of the document. This was true for both the number of errors made by the reader in the first part of the document and the number of errors made by the reader in the second part of the document.
