1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very long letter, and it contains a great deal of information about the state of the country at that time. The President talks about the war with Mexico, and about the relations between the United States and Great Britain. He also talks about the economy, and about the progress of the country. The letter is written in a very formal style, and it is very well organized. It is a very important document, and it is one of the most interesting letters that I have ever read.
