KLAMATH COUNTY LAND DEVELOPMENT CODE CRITERIA

Klamath County Land Development Code Section 43.003 sets forth the criteria which must be addressed in reviewing an application for a Variance. Klamath County Land Development Code Section 84.001 (E) provides that mobile homes located inside the Urban Growth Boundary must contain not less than 800 square feet and must be not less than 20 feet in width.

KLAMATH COUNTY CODE FINDINGS OF FACT AND CONCLUSIONS

The following Findings of Facts and Conclusions are made concerning the review criteria set forth in Section 43.003 of the Land Development Code:

1. The literal enforcement of the Code in this situation would result in unnecessary hardship and no public benefit. There are similar mobile homes in the neighborhood.
2. The approval of the subject application is consistent with the intent of the Code and past practice of the County. The Applicant desires to place this mobile home on land owned by the Applicant and in a neighborhood which has other similar mobile homes.
3. The granting of the Variance will not be detrimental to the public health, safety or enjoyment of adjacent properties as long as the Applicant maintains the subject mobile home and lot in an orderly and clean condition.

ORDER

The subject application for a Variance from the mobile home siting standards of the Klamath County Land Development Code is granted. Provided, however, the Applicant must keep the mobile home and lot in an orderly and clean condition and shall comply at all times with all Klamath County ordinances, rules, codes and standards.

DATED this 22nd day of June, 1988.
