Without limiting the foregoing, Grantor shall execute any and all assignments of individual federal, state or Indian oil and gas leases comprising any portion of the Subject Interests as may be required by federal, state or tribal law or regulation, and any and all of such individual assignments shall constitute, as to such individual leases, one and the same assignment as is made herein. Reference is made to the Exhibits attached hereto and made a part hereof for all purposes. Reference in such Exhibits to instruments on file in the public records are made for all purposes. Unless provided otherwise, all recording references in such Exhibits are to the appropriate records of the counties in which the affected interests are located.

This Assignment shall inure to the benefit of and be binding upon Grantor and Grantee and their respective successors and assigns.
