

BEFORE THE BOARD OF COMMISSIONERS
KLAMATH COUNTY, OREGONIN THE MATTER OF CLUP/ZC 12-90
FOR DENNIS AND CHARLENE BARCUS

ORDER 91-118

1. NATURE OF THE APPLICATION

A hearing on this application was held before the Board of County Commissioners February 26, 1991, with the Planning Commission in an advisory role. The applicant is requesting a CLUP/ZC from Rural/R-5 to Agriculture/EFU-C on 40 acres located in Dodds Hollow, northeast of Merrill. This application was reviewed pursuant to Articles 47 and 48 of the Klamath County Land Development Code.

2. NAMES OF THOSE INVOLVED

The applicant was present and presented testimony in behalf of the application. The Planning Department was represented by Kim Lundahl, Senior Planner. The recording secretary was Karen Burg, Administrative Secretary. Members of the Board of County Commissioners who participated in this hearing were: Harry Fredricks, Ed Kentner, and Wes Sine. The County Planning Commission, with a quorum present, participated in an advisory manner.

3. LEGAL DESCRIPTION

Lots 8 & 9 Blk 1 Dodds Hollow Estates, T.A. 4011-29-100 & 4011-20-900.

4. RELEVANT FACTS

The applicant requested a CLUP/ZC from Rural/R-5 to Agriculture/EFU-C on 40 acres located northeast of Merrill. Zoning designations to the north is R-5 and EFU-C zoning is adjacent to the south, east and west. The property is not presently qualified for farm tax deferral due to lack of agricultural use.

The applicant submitted supporting documentation which was included in the consideration of this request by the review body.

The supporting documentation included photos as Exhibit "d" which were found

to accurately represent the present status of the property.

Applications for changes to land use plan (CLUP) and zone changes (ZC) are reviewed pursuant to Articles 47 and 48 of the Code.

5. ARTICLE 48-CHANGE OF LAND USE PLAN:

A proposed Change of Comprehensive Plan Designation shall be approved if the reviewing authority finds that:

- A. the proposed change is in compliance with the Statewide Planning Goals,
- and B. the proposed change is in conformance with all policies of the Klamath County Comprehensive Plan:

The most affected local/state policy/Goal is Goal 3-"Agricultural Lands".

The Board finds based on Exhibits a-e, staff presentation and applicant testimony the conversion of 40 acres to a "resource" designation consistent with this Goal. The change in plan designation is supported by the record, exhibits, and testimony in that the use of the property has been appropriately converted through agricultural practices to property that is appropriately planned for permitted agricultural uses, given the size, location, aspect, and land capability classifications.

6. ARTICLE 47-CHANGE OF ZONE DESIGNATION:

A proposed change of zone shall be approved if the reviewing authority finds that:

- A. The change of zone is in conformance with the Comprehensive Plan, and all provisions of the Land Development Code;

As the Board has found the proposed plan change consistent with state/local guidelines/policies the request for a change of zone to an implementing zone of EFU-C is consistent.

- B. The property affected by the change of zone is adequate in size and shape to facilitate those uses that are normally allowed in conjunction with the zoning. The use proposed by the applicant, a commercial stable, is an allowed/permitted use in the EFU-C zone.

The proposed use of the property is found to be allowed by the standards of the EFU-C zone.

C. The property affected by the proposed change of zone is properly related to streets to adequately serve the type of traffic generated by such uses that may be permitted therein; No change in the present use of the property is contemplated by this application. Accordingly the Board finds additional traffic above the present level appropriate to the use will not be generated on Patricia Lane or Dodds Hollow Rd..

D. The proposed change of zone will have no adverse effect on the appropriate use and development of abutting properties.

The Board finds property and surrounding land uses are developed to agriculture. The conversion of the subject property to an agricultural zone is found to be consistent with the existing surrounding land use of the area as set out in applicants testimony.

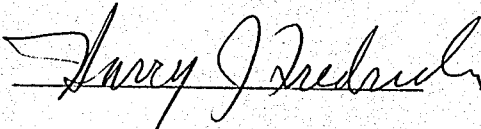

7. CONCLUSIONS AND ORDER

The Board of County Commissioners finds the applicant has satisfied the pertinent review criteria as set out in Oregon Administrative Rules and Articles 47 and 48 of the Code. Correct notice was given and the intent of the statewide planning program has been met.

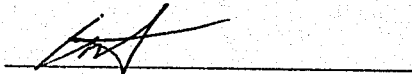

Therefore, it is ordered the request for CLUP/ZC 12-90 is approved for a Change in the Land Use Plan from Rural to Agriculture and a zone change from R-5 to EFU-C to allow a commercial stable.
