MFC 2694D
RIGHT-OF-WAY EASEMENT DEED

Road 9717

THIS EASEMENT, dated this 14th day of December, 1993,
from J-Spear Ranch Co., an Oregon corporation, hereinafter called "Grantor," to
the United States of America, hereinafter called "Grantee."

WITNESSETH:

Grantor, for and in consideration of ONE THOUSAND TWENTY-FIVE DOLLARS
(\$1,025.00), received by Grantor, does hereby grant to Grantee and its assigns,
subject to existing easements and valid rights, a perpetual easement for a road
along and across a strip of land, hereinafter defined as the "premises," over
and across the following described lands in the County of Klamath, State of
Oregon:

T. 35 S., R. 7 E., W.M.,
sec. 15, E1/2E1/2;
sec. 22, E1/2NE1/4.

Said premises are shown on the plat attached hereto marked Exhibit A.

The word "premises" when used herein means said strip of land, whether or not
there is an existing road located hereon. Except where it is defined more
specifically, the word "road" shall mean roads now existing or hereafter
constructed on the premises or any segment of such roads.

Said premises shall be 33 feet on each side of the centerline with such
additional width as required for accommodation and protection of cuts and
fills. If the road is located substantially as described herein, the
centerline of said road, as constructed, is hereby deemed accepted by Grantor
and Grantee as the true centerline of the premises granted. If any subsequent
survey of the road shows that any portion of the road, although located
substantially as described, crosses lands of the Grantor not described herein,
the easement shall be amended to include the additional lands traversed; if any
lands described herein are not traversed by the road as constructed, the
easement traversing the same shall be terminated in the manner hereinafter
provided.

The acquiring agency is the U.S. Department of Agriculture, Forest Service.

This grant is made subject to the following terms, provisions, and conditions
applicable to Grantee, its permittees, contractors, and assigns:

Correct as to consideration, description and conditions.

Maurice R. Stangl
12/17/1993

Date

A. Except as hereinafter limited, Grantee shall have the right to use the road on the premises without cost for all purposes deemed necessary or desirable by Grantee in connection with the protection, administration, management, and utilization of Grantee's lands or resources, now or hereafter owned or controlled, subject to such traffic-control regulations and rules as Grantee may reasonably impose upon or require of other users of the road. Grantee shall have the right to construct, reconstruct, and maintain roads within the premises.

Grantee alone may extend rights and privileges for use of the premises to other Government Departments and Agencies, States, and local subdivisions thereof, and to other users including members of the public.

B. Grantee shall have the right to cut timber upon the premises to the extent necessary for constructing, reconstructing, and maintaining the road. Timber so cut shall, unless otherwise agreed to, be cut into logs of lengths specified by the timber owner and decked along the roads for disposal by the owner of such timber.

This easement is granted subject to the following reservations by Grantor, for itself, its permittees, contractors, assigns, and successors in interest:

1. The right to cross and recross the premises and road at any place by any reasonable means and for any purpose in such manner as will not interfere unreasonably with use of the road.

2. The right to all timber now or hereafter growing in the premises, subject to Grantee's right to cut such timber as hereinbefore provided.

It is agreed that the Grantor shall have the right to use the existing road described herein for all purposes deemed necessary or desirable by Grantor in connection with the protection, administration, management, and utilization of Grantor's lands or resources now or hereafter owned or controlled, subject, however, to traffic control regulations as Grantee may reasonably impose under 36 CFR 261.12, the bearing of road maintenance costs proportionate to use as provided in 36 CFR 212.7(d).

If for a period of ten (10) years the Grantee shall cease to use, or preserve for prospective future use, the road or any segment thereof for the purposes granted, or if at any time the Regional Forester determines that the road, or any segment thereof, is no longer needed, the easement traversed thereby shall terminate. In the event of such nonuse or of such determination by the Regional Forester, the Regional Forester shall furnish to the Grantor, its successors, or assigns, a statement in recordable form evidencing termination.

IN WITNESS WHEREOF, grantor has caused this instrument to be executed by its duly authorized officers and its corporate seal to be hereunto affixed on the day and year first above written.
