INTEREST RATE AND MONTHLY PAYMENT CHANGES

(A) Change Date

The interest rate may charge on the first day of October x1995

succeeding year. "Change Date" IT eans each date on which the interest rate could change. , and on that day of each Beginning with the first Change Date, the interest rate will be based on an Index. "Index" means the weekly average yield

on United States Treasury Securities adjusted to a constant maturity of one year, as made available by the Federal Reserve Board. "Current Index" means the most recent Index figure available 30 days before the Change Date. If the Index (as defined above) is no longer available, Lender will use as a new Index any index prescribed by the Department of Veterans Affairs. (C) Calculation of Interest Rate Changes

Before each Change Date, Lender will calculate a new interest rate by adding a margin of TWO percentage point(s) (

nearest one-eighth of one percentag a point (0.125%). Subject to the limits stated in paragraph (D) of this Rider, this rounded amount will be the new interest rate until the next Change Date. (D) Limits on Interest Rate Changes

The interest rate will never increase or decrease by more than one percentage point (1.0%) on any single Change Date. The interest rate will never be more than five percentage points (5.0%) higher or lower than the initial interest rate.

If the interest rate changes on a Change Date, Lencer will calculate the amount of monthly payment of principal and interest which would be necessary to repay the unpaid principal balance in full at the maturity date at the new interest rate through substantially equal payments. In making such calculation, Lender will use the unpaid principal balance which would be owed on the Change Date if there had been no default in payment on the Note, reduced by the amount of any prepayments

to principal. The result of this calculation will be the amount of the new monthly payment of principal and interest.

Lender will give notice to Borrow er of any change in the interest rate and monthly payment amount. The notice must be given at least 25 days before the new monthly payment arr ount is due, and must set forth (i) the date of the notice, (ii) the Change Date, (iii) the old interest rate, (iv) the new interest rate, (v) the new monthly payment amount, (vi) the Current Index and the date it was published, (vii) the method of calculating the change in the monthly payment amount, and (viii) any other

(G) Effective Date of Changes

A new interest rate calculated ir accordance with paragraphs (C) and (D) of this Rider will become effective on the Change Date. Borrower shall make a payment in the new monthly amount beginning on the first payment date which occurs at least 25 days after Lender has given Bcrrower the notice of changes required by paragraph (F) of this Rider. Borrower shall have no obligation to pay any increase in the monthly payment amount calculated in accordance with paragraph (E) of this Rider for any payment date occurring less than 25 days after Lender has given the required notice. If the monthly payment amount calculated in accordance with raragraph (E) of this Rider decreased, but Lender failed to give timely notice of the decrease and Borrower made any monthly payment amounts exceeding the payment amount which should have been stated in a timely notice, then Borrower has the option to either (i) demand the return to Borrower of any excess payment, with interest thereon at the Note rate, (a rate equal to the interest rate which should have been stated in a timely notice), or (ii) request that any excess payment, with interest thereon at the Note rate, be applied as payment of principal. Lender's obligation to return any excess payment with interest on demand is not assignable even if this Note is otherwise assigned before demand for return

BY SIGNING BELOW, Borrower accepts and acrees to the terms and covenants contained in this Adjustable Rate Rider. tephen Wodworth S STEPHEN WADSWORTH
