4. INTEREST RATE AND MONTHLY FAYMENT CHANGES

(A) Change Dates

The interest rate I will pay may change on the first day of November 12th month thereafter. Each date on which my interest rate could change is called a "Change Date."

Beginning with the first Change Date, my interest rate will be based on an index. The "index" is the weekly average yield on United States Treasury securities adjusted to a constant maturity of 1 year, as made available by the Federal Reserve Board. The most recent index figure available as or the date 45 days before each Change Date is called the "Current index." If the index is no longer available, the Note Holder will choose a new index which is based upon comparable information.

The Note Holder will give me notice of this choice.

Before each Change Date, the Note Ho der will calculate my new interest rate by adding 'TWO & THREE-FOURTHS percentage points (2.750 %) to the Current index. The result of this calculation will be the new amount of my monthly payment.

Thereafter, my interest rate will never be increased or decreased on any single Change Date by more than two percentage points (2.0%) from the rate of interest i have been paying for the preceding twelve months. My interest rate will never be greater

than 14.125 %.

My new interest rate will become offective on each Change Date. I will pay the amount of my new monthly payment beginning on the first monthly payment date after the Change Date until the amount of my monthly payment changes again.

The Note Holder will deliver or mail to me a notice of any changes in my interest rate and the amount of my monthly payment before the effective date of any change. The notice will include information required by law to be given me and also the title and telephone number of a person who will answer any question I may have regarding the notice.
