BEFORE THE HEARING'S OFFICER KLAMATH COUNTY OREGON

11-21-94PC1:07 RCVD

Vol. My Page

IN THE MATTER OF CUP 105-94 AND LP 63-94 FOR GERALD PAGE TO ESTABLISH ONE HOME ORDER NOT IN CONJUNCTION WITH FARM JSE AND DIVIDE THE PROPERTY

1. NATURE OF THE REQUEST:

The applicant wishes to establish a home as a use not in conjunction with farm use on property west of Modoc Point Rd., 1/2 mile south of the Klamath Agency.

Also considered was the request to partition the parent 148 acre property into parcels of 10, and 138 acres each.

This request was heard by the Hearings Officer NOVEMBER 18, 1994 pursuant to Ordinances 44 and 45. The request was reviewed for conformity with Land Development Code Article 54 and with O.R.S. 215.243.

2. NAMES OF THOSE WHO PARTICIPATED:

The Hearings Officer in review of this application was Michael L. Brant.

The applicant appeared and offered testimory in support of the application. The Planning Department was represented by Kim Lundahl, Senior Planner. The recording secretary was Karen Burg, Administrative Secretary.

3. LOCATION:

The property under consideration is located viest of the Modoc Point Rd., 1/2 mile south of the Klamath Agency and is located in portions of sections 24, T 34S R 71/2 E and 19, T 34S R 71/2.

4. RELEVANT FACTS:

The property is within the Agriculture plan designation and has an implementing zone of EFU-CG (ZC 24-34). The parent property is 148 acres in size and is under farm tax deferral. Lind use and lot sizes in the area are

similar to that proposed by this application. Residential land use and similar lot sizes are also found within one mile of this project. Fire protection is provided by the Chiloquin/Agency Lake RFD, 3.0 miles away with a response time of 10 minutes.

35696

5. FINDINGS:

All evidence submitted as the staff report, exhibits b-e, and offered testimony show that the approval criteria as set out in Code Article 54 and 45 has been satisfied. The Hearings Officer finds this application; l. Is compatible with farm use because:

The analysis of surrounding properties and their use indicates the size of the proposed parcel and the proposed use as large lot rural-residential are compatible with the predominant adjacent land uses as the existing residential density of the area will not be markedly increased by the addition of one non-farm residence.

The applicant has demonstrated the smaller parcel under consideration here is not considered a commercial agricultural percel due to its small size. 2. Does not interfere seriously with accepted farming practices on adjacent lands devoted to farm use because:

The surrounding parcels are found to be developed to rural residential and commercial farm use. The proposed non-farm residences will not interfere with the on-going use as sufficient lot area and geographic boundaries provide a buffer/setback from agricultural management practices and small private pasturage may be used to support limited large animal use for the parcel.

2

The permit holder has proposed as a condition of this approval to file a restrictive covenant which will prohibit the permit holder and successors in interest from filing complaint concerning valid farming practices on nearby lands.

35697

The Hearings Officer firds this will notigate impact to the farm operation. 3. Does not alter the stability of the overall land use pattern of the area because:

The overall land use compart of this area is found to be large lot rural residential and commercial farming. The land use pattern of the area will not be modified as the residential intensity will be marginally increased. 4. Is situated upon generally unsuitable land for the production of farm grops and livestock, considering the tersain, adverse soil or land conditions, drainage and flooding, vegetation location, and size of the tract because:

The proposed non farm parcel s substantially smaller than the 80 acre size required by HB 3661 and are trendore thought not appropriate for commercial farm use. Hearings Officer finds this non farm parcel size unsuitable for commercial agricultural use due to its small size, location adjacent to developed residential use and the testimony of the applicant stating a farm income suitable to support a family cannot be generated on this property. Partitions creating parcels for non-farm uses are reviewed per the criteria set out in L.D.C. Article 45 and section 54.070. The Hearings Officer finds this partition confirms to these criteria as set out below:

1. The parcel created for non-farm use will be devoted to large lot rural residential and accessory building use. The land is not viable for commercial agriculture since it is less than 30 acres.

З

2. Access to the parcel is from Modoc Point Rd., a county maintained paved woad. Use of the road will not interfere with farm practices. 6. ORDER:

35698

Therefore, it is ordered the request of PAGE for C.U.P. 105-94 and L.P. 63-94 is approved subject to the following conditions:

1

The applicant shall file a restrictive rovenant with the County Clerk prohibiting the permit holder and their successors in interest from filing complaint concerning accepted resource a anagement practices that may occur on nearby lands.

2. L.P. 63-94 shall not be filed nor shall a building permit for a non-farm dwelling be issued under this order until the applicant provides the Plan ning Department with evidence that the property has been disqualified for valuation at true cash value for farm use and that any additional tax penalty imposed by the County Assessor has been paid.

3. C.U.P. 105-94 will not be effective until I.P. 63-94 is filed in the office of the County Clerk and will expire two years later unless an extension of

time is granted by the Planning Director. 4. L.P. 63-94 must comply with Code requirements, Oregon Revised Statutes and agency conditions prior to fling.

5. L.P. 63-94 will expire in one year from the date below unless the map is

recorded or an excension of time is filed. DATED this / , Fal day of NOVEMBER, 1994

35699

Michael L. Brant, Hearings Officer

NOTI(E OF APPEAL, RIGHTS
