ORDER:

Conclusions:

The location for the manufactured dwelling meets the required setbacks of the RH(High Density Residential) zone.

The proposed use is conditionally permitted in the zone within which it is proposed to be located.

The location, size, design, and operating characteristics of the proposed use will be compatible with the appropriate development of abutting properties. The location of the building will not have a significant adverse impact on the appropriate development and use of the surrounding neighborhood. The size of the parcel meets the minimum lot size of the RH zone.

Findings:

The request is for a Conditional Use Permit to locate a manufactured dwelling on property zoned RH.

The property is located west of Burns and approximately 500 feet north of Beverly Dr.

The property is approximately 1.00 acre in size and is lot 4 of Beverly Heights.

Notice was sent out to the surrounding property owners and to concerned agencies and published in the Herald and News.

Existing development is that of single family residences, whereas high density use is absent in spite of the type of zoning.

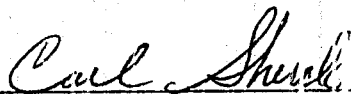

Also applicant stated that his proposed use is 200 feet east of his site.

There was no opposition to this application.

The Planning Director, based on the above findings grants Conditional Use Permit 104-94 in accordance with the terms of the Land Development Code.

CONDITION: Applicant to file a site plan for a building permit and meet the criteria from the Health Department for installing a septic tank, KC Ex "E". Also applicant to meet the Uniform Fire Code criteria as spelled out in the letter from Fire Dist #1-KC Ex "D".

DATED this 26th day of October 1994

Carl Shuck, PLANNING DIRECTOR
