1. The first of the two main types of the "new" literature is the "new" novel. This type of novel is characterized by a strong sense of realism and a detailed description of the social and economic conditions of the time. The "new" novel is often written in a realistic style, with a focus on the lives of ordinary people and the problems they face. 1. The first of these is the fact that the Commission has not yet received any information from the Government of the United Kingdom regarding the progress of its investigation into the alleged activities of the British Security Establishment in the United States. This is a matter of great importance, as the Commission is required to report on the progress of its investigation by the end of the year.
