

**BEFORE THE HEARINGS OFFICER
KLAMATH COUNTY, OREGON**

**IN THE MATTER OF CUP 21-95 AND LP 27-95 FOR
EUGENE JAMESON TO ESTABLISH A HOME
NOT IN CONJUNCTION WITH FARM USE
AND DIVIDE THE PROPERTY**

ORDER

1. NATURE OF THE REQUEST:

The applicant wishes to establish a home as a use not in conjunction with farm use on property south of the intersection of Langell Valley and Johnson Rds. Langell Valley. Also considered was the request to partition the parent 92 acre property into parcels of 1.0 and 91.0 acres each.

This request was heard by the Hearings Officer MAY 19, 1995 pursuant to Ordinances 44 and 45. The request was reviewed for conformity with Land Development Code Article 54 and with O.R.S. 215.243.

2. NAMES OF THOSE WHO PARTICIPATED:

The Hearings Officer in review of this application was Michael L. Brant. The applicant appeared and offered testimony in support of the application. The Planning Department was represented by Kim Lundahl, Senior Planner. The recording secretary was Karen Burg, Planning Assistant.

3. LOCATION:

The property under consideration is located at the east end of Langell Valley. And is located in portions of Gov't Lot 1, Sec. 2, T 41S R 13E.

4. RELEVANT FACTS:

The property is within the Agriculture plan designation and has an implementing zone of EFU-CG. The parent property is 92 acres in size and IS under farm tax deferral. Land use and lot sizes in the area are similar to that proposed by this application. Residential land use and similar lot sizes are also found within one mile of this project. Fire protection is provided by the Bonanza RFD, 5.0 miles away with a response time of 20 minutes.

5. FINDINGS:

All evidence submitted as the staff report, exhibits b-e, and offered testimony show that the approval criteria as set out in Code Article 54 and 45 has been satisfied.

The Hearings Officer finds this application;

1. Is compatible with farm use because:

The analysis of surrounding properties and their use indicates the size of the proposed parcels and the proposed use as large lot rural-residential are compatible with the predominant adjacent land uses as the existing residential density of the area will not be markedly increased.

The applicant has demonstrated the small parcel under consideration here is not considered commercial agricultural parcels size due to its small size.

2. Does not interfere seriously with accepted farming practices on adjacent lands devoted to farm use because:

The surrounding parcels are found to be developed to rural residential and commercial farm use. The proposed non-farm residence will not interfere with the on-going use as sufficient lot area and geographic boundaries provide a buffer/setback from agricultural management practices and small private pasturage may be used to support limited large animal use for the parcel.

The permit holder has proposed as a condition of this approval to file a restrictive covenant which will prohibit the permit holder and successors in interest from filing complaint concerning valid farming practices on nearby lands. The Hearings Officer finds this will mitigate impact to farm operations.

3. Does not alter the stability of the overall land use pattern of the area because:

The overall land use of part of this area is found to be large lot rural residential and commercial farming. The land use pattern of the area will not be modified as the residential intensity will be marginally increased.

4. Is situated upon generally unsuitable land for the production of farm crops and livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, vegetation, location, and size of the tract because:

The proposed non farm parcel is substantially smaller than the 80 acre size required by HB 3661 and are therefore thought not appropriate for commercial farm use. The proposed home is to be located on property with an SCS rating of Class VII. The Hearings Officer finds this non farm parcel size and soil classification unsuitable for commercial agricultural use due to its small size, and the testimony of the applicant stating a farm income suitable to support a family cannot be generated on this property.

5. Partitions creating parcels for non-farm uses are reviewed per the criteria set out in L.D.C. Article 45 and section 54.070.

The Hearings Officer finds this partition conforms to these criteria as set out below:

1. The parcels created for non-farm use will be devoted to large lot rural residential and accessory building use. The land is not viable for commercial agriculture since it is less than 80 acres.

2. Access to the parcel is from Langell Valley Rd., a county maintained paved road. Use of the road will not interfere with farm practices.

6. ORDER:

Therefore, it is ordered the request of JAMESON for CUP 21-95 and LP 27-95 is approved subject to the following conditions:

1. The applicant shall file a restrictive covenant with the County Clerk prohibiting the permit holder and their successors in interest from filing complaint concerning accepted resource management practices that may occur on nearby lands.

2. LP 27-95 shall not be filed nor shall a building permit for a non-farm dwelling be issued under this order until the applicant provides the Planning Department with evidence that the ENTIRE property has been disqualified for valuation at true cash value for farm use and that any additional tax penalty imposed by the County Assessor has been paid.

3. CUP 21-95 will not be effective until LP 27-95 is filed in the office of the County Clerk and will expire two years later unless utilized.

4. LP 27-95 must comply with Code requirements, Oregon Revised Statutes and agency conditions prior to filing and will expire one year from the date below unless filed or extended.

DATED this 9th day of MAY, 1995

Michael L. Brant, Hearings Officer
