

**BEFORE THE HEARINGS OFFICER
KLAMATH COUNTY, OREGON**

RECEIVED
NOV 7 1995
COUNTY CLERK

**IN THE MATTER OF CUP 77-95 FOR JEAN FUDGE
TO ESTABLISH A HOME NOT IN CONJUNCTION WITH FARM USE**

1. NATURE OF THE REQUEST:

The applicant wishes to establish a home as a use not in conjunction with farm use on property generally located 1/4 mile east of the Modoc Point Rd., on the South Chiloquin Rd. This request was heard by the Hearings Officer **NOVEMBER 3, 1995** pursuant to Ordinances 44 and 45. The request was reviewed for conformity with Land Development Code Article 54 and with O.R.S. 215.243.

2. NAMES OF THOSE WHO PARTICIPATED:

The Hearings Officer in review of this application was Michael L. Brant. The applicants appeared and offered testimony in support of the application. The Planning Department was represented by Kim Lundahl and HSH Karen Burg.

3. LOCATION:

The property under consideration is generally located in gov't lots 1 & 6, Sec. 19, T 35S R 7E. T.A. 3507-19-200.

4. RELEVANT FACTS:

The property is within the Agriculture plan designation and has an implementing zone of EFU-CG. The parcel is 9.5 acres in size and is under farm tax deferral. Land use and lot sizes in the area are similar to that proposed by this application. Residential land use and similar lot sizes are also found within one mile of this project. Fire protection is available from C/AL RFD with a station four miles to the east.

5. FINDINGS:

All evidence submitted as the staff report, exhibits b-c, and offered testimony show that the approval criteria as set out in Code Article 54 have been satisfied.

The Hearings Officer finds this application;

1. Is compatible with farm use because:

The analysis of surrounding properties and their use indicates the size of the proposed parcels and the proposed use as large lot rural-residential is compatible with the predominant adjacent land uses as the existing residential density of the area will not be markedly increased.

2. Does not interfere seriously with accepted farming practices on adjacent lands devoted to farm use because:

The surrounding parcels are found to be developed to rural residential and non-commercial farm use. The proposed non-farm residence will not interfere with the on-going use as sufficient lot area and geographic boundaries provide a buffer/setback from agricultural management practices and small private pasturage may be used to support limited large animal use for the parcel. The permit holder has proposed as a condition of this approval to file a restrictive covenant which will prohibit the permit holder and successors in interest from filing complaint concerning valid farming practices on nearby lands. The Hearings Officer finds this will mitigate impact to farm operations.

3. Does not alter the stability of the overall land use pattern of the area because:

The overall land use of part of this area is found to be large lot rural residential and commercial farming. The land use pattern of the area will not be modified as the residential intensity will be marginally increased.

4. Is situated upon generally unsuitable land for the production of farm crops and livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, vegetation, location, and size of the tract because:

The non farm parcel is substantially smaller than the 80 acre size required by HB 3661 and are therefore thought not appropriate for commercial farm use. The proposed home is to be located on property with an SCS rating of Class IVc. The Hearings Officer finds this non farm parcel size and soil classification unsuitable for commercial agricultural use due to its small size, and the testimony of the applicant stating a farm income suitable to support a family cannot be generated on this property.

5. Access to the parcel is from county maintained paved roads. Use of the road will not interfere with farm practices.

6. ORDER:

Therefore, it is ordered the request of FUDGE for CUP 79-95 is approved subject to the following conditions:

1. The applicant shall file a restrictive covenant with the County Clerk prohibiting the permit holder and their successors in interest from filing complaint concerning accepted resource management practices that may occur on nearby lands.
2. This CUP will expire two years from the date below unless utilized or an extension is approved by the Planning Director.
3. Prior to the issuance of a development permit for the allowed residence, the applicant shall submit verification from the County Assessor any and all penalties for withdrawing the entire property from farm deferral have been satisfied.
