

**Constructive Notice Through
Affidavit Regarding Criminal Investigation And
Presentment of U. C. C. Instrument**

Please take constructive Notice that your purported criminal investigation of Isiah and Lorraine Rodgers for alleged family abuse is a fraud and a disguise in order to find some cause of action against I. F. Rodgers and Sons for daring to challenge the foreign agents at South Valley State Bank. Mr. Rodgers's sister has nothing to do with I. F. Rodgers and Sons and the alleged complaint comes out of an ongoing family feud and is not related to the controversy's at law with South Valley State Bank. Please note that the copy of the Certified Banker's Check/Comptroller's Warrant we sent you as a courtesy, is based upon a perfected U.C.C. Lien Security which is the very same Uniform Commercial Code a.k.a. common law of all member Federal Reserve Banks and other Financial and Judicial Institutions (attached is a Instruction document whose information was provided to all recipients of aforesaid instruments).

For your protection and information please note: Although the Legislature, in previous sessions, passed statutes promoting certain additions to and changes in the law, these additions and changes do not apply to commercial issues, because no state shall pass any law impairing the obligations of contracts (Article 1, section 10, clause 1, u. s. of A. Constitution) (Article 3; section 19, Idaho. Constitution and corresponding Oregon. Constitution specifically prohibits the state legislature from passing any local or special laws creating, extending or impairing any lien) and no bonds were purchased by the State in commercial support of those additions and changes. A Commercial statute must be either in harmony with the National u. s. of A. Constitution or it must be Bonded in commerce to attach liability for it's execution. **CONSEQUENCE:**

Any officer or politician acting on an unconstitutional or unbonded statutes pledges his or her own personal property as a bond on his or her acts,

although they are performing on behalf of others. Said property being subject to forfeiture into Escrow for the payment of malpractice claims which have arisen from the said acts. Orders issued by Judges in commercial actions must be by affidavit, sworn to be true, complete, correct and not misleading, and must be signed both by literal name and by commercial identification number, also known as social security number, human resource number, Bank I. D. number, tax I. D. number etc....

Therefore, this affidavit gives notice to all state and federal agencies, including Klamath County Sheriff's Office, Carl R. Burkhardt, Sheriff and Ryan Huntsman, Deputy, who may be unknowingly involved in the conspiracy of criminal conversion of the aforesaid Warrant pursuant to U.C.C. 3-419. that they must present their commercial bond and positive identification numbers (W-9 enclosed) of their foreign agents.

Leroy Schweitzer's non-judicial commercial lien, the foundation for the aforesaid Warrant is perfected in the lawful use of the UCCs' U.C.C. 3-415, accomodation/surety/guarantor signature "without recourse & with prejudice" directs the creditor to sign for a hostile debtor (bonding the action with his signature, baring the debtor from ever coming against the creditor in any civil of criminal cause of action) further, we acknowledge Mr. Leroy Schweitzer's use of U.C.C. 1-105 choice of law, conflicts of law, 1-103 fraud, misrepresentation, duress, estoppel, bankruptcy, principal and agent, law of contract, 1-201 (3) agreement (unilateral), 1-201 (11) contract (bilateral) must have consideration (legal consequences), 1-201 (34) and (36) Rights and Remedies, synonymous, 3-103 Article does not deal in documents of title, nor money, 3-505 Presentments, 5-105 letter of credit, no consideration needed to enlarge or otherwise modify a credit, 9-501 any judicial process after default, 9-403 (1) filing for public record, or--upon acceptance by filing officer, 3-601 discharge, 3-509 protest, 3-604 tender of payment and we reserve the aforesaid U.C.C.s'.

Sheriff Burkhardt, please investigate objectively and go to the Clerk and Recorder's Office in Klamath County and you will see that South Valley Bank

released all our property from mortgage in 1993 and Fraudulently charged and received thousands of Dollars of overpayment, refusing to pay these funds. Further investigation will show that we were denied our protection under the Oregon. Constitution, Article I, Bill of Rights; Section 10, "Administration of Justice, No court shall be secret, but justice shall administered, openly and without purchase, completely and without delay, and every man shall have remedy by due course of law for injury done him in his person, property, or reputation", through improper service and lack of venue and jurisdiction. All our ex-creditors were given an opportunity to object to our **Quite Title and Declaration of Land Patents** of our private property but did not and are now forever barred from making any claims against said private property. As for our "No Trespassing" Signs, all interested parties are noticed that no unlawful activity will be tolerated or accepted upon our property. If that bothers Klamath County Sheriff's Office, then they have a serious ethic problem in their own ranks. You and others have and are conducting an unlawful and deceitful investigation, slandering our Character and harassing and Elderly member of our family in order to fabricate some criminal action because you have no lawful of legal recourse in order to steal our life, liberty, and property, further, violating Oregon Constitution, Article I, Bill of Rights, Sections 1, "Natural rights inherent in people; Section 2, "Freedom of worship"; Section 3, "Freedom of Religious opinion secret. Sheriff Burkhart and Deputies signed and took an Oath of Office to protect all of the people of Klamath County and the u. s. of A. and Oregon. Constitutions, not to just protect deceitful Bankers and judicial officers under a New World Order (U.N.) Constitution. Any further unlawful action by your agency and or agencies will hereby be considered premeditated and malicious on your part, constituting civil/criminal remedial action to be considered. At this time it appears that Klamath County Sheriff's Office, Sheriff Carl R. Burkhart, Deputy Ryan Huntsman, South Valley State Bank U. S. Postmaster, State and County de facto court judiciary or agents of same has a policy that limits and discriminates against the lawful flow of commerce in violation of their "faithful performance of duty",

which exposes their bonding agent to financial liability, (Oregon Office of Risk Management) and will expose them to the aforesaid consequences. (Instruction letter for collection attached.)
