

STATE OF OREGON  
WELL OWNERSHIP INFORMATION FORM

NOV 29 P3:45

Vol. 1146 Page 37495

Pursuant to ORS 537.788, owners of property on which a well is located shall, within 60 days following the construction/alteration of a well or upon property transfer, record the following information in the property deed records at the appropriate County Clerks Office. Either the deed recording number or legal description of the property may be used to identify the property.

1. Property Owner Name(s): Douglas & Jean Ferguson
2. Mailing Address: 20625 S.W. Rock Rd. Aloha, Or. 97006
3. Deed Recording Number (or legal description): 32969 Elder St., Sprague River  
Klamath County #3-152-0 Lot 21 Block 5 Oregon
4. Well Identification Number(s): L04627

The well identification number is recorded on a label attached to the well casing. If no label is attached to the well, please contact the Water Resources Department for assignment of a well identification number.

**Rights and Responsibilities:** Oregon law finds that ownership and the rights to reasonable control of water within this state belongs to the public to be managed by the Water Resources Department. Most uses of water require a water right issued by the Water Resources Department. However, state law allows some uses of groundwater without benefit of a water right. Contact the Department for more information. The Water Resources Department cannot guarantee the presence of water in the desired amount on a specific property.

In addition to the above, owners of properties on which a well is located are responsible for maintaining that well in a proper manner. Some basic requirements are listed below:

1. All wells shall be maintained in a condition where they are not a threat to public health or safety, a source of contamination, or a waste of the groundwater resource.
2. All wells shall be securely covered to prevent any foreign substance from entering the well.
3. All wells shall be equipped with an access port or airline so that static water level information can be determined at any time.
4. Well casing must be protected from damage and meet minimum extension requirements.
5. Wells may only be permanently abandoned by a licensed and bonded well constructor or a landowner with a valid permit and bond. Well abandonment must be carried out in accordance with state rules.

If you would like further information about water rights, maintaining / abandoning your well, or wish to receive a copy of the administrative rules concerning well construction, please contact the Oregon Water Resources Department by phone at (503) 378-8455, or by mail at 158 12th Street NE, Salem, OR 97310.

I have read the above describing my basic rights and responsibilities related to well ownership.
