

BEFORE THE HEARINGS OFFICER
KLAMATH COUNTY, OREGON

IN THE MATTER OF CUP 9-97 FOR LEPPERT
TO ESTABLISH A HOME NOT IN CONJUNCTION WITH FARM USE

1. NATURE OF THE REQUEST:

The applicant wishes to establish a home as a use not in conjunction with farm use on a 6.94 acre property generally located north of the S. West Langell Valley Rd., one mile east of Harpold Rd., south of Bonanza. This request was heard by the Hearings Officer MARCH 21, 1997 pursuant to Ordinances 44 and 45. The request was reviewed for conformity with Land Development Code Article 54 and with O.R.S. 215.243.

2. NAMES OF THOSE WHO PARTICIPATED:

The Hearings Officer in review of this application was Neal G. BUCHANAN. The applicants appeared and offered testimony in support of the application. The Planning Department was represented by Kim Lundahl and Karen Burg.

3. LOCATION:

The property under consideration is generally located south of Bonanza. Located in the NE 1/4 Section 22, T 39S R 11E. T.A. 3911-0000-04500.

4. RELEVANT FACTS:

The property is within the Forestry plan designation and has an implementing zone of FR. The parcel is 160 acres in size and HAS NOT been under farm tax deferral. Land use and lot sizes in the area are similar to that proposed by this application. Residential land use and similar lot sizes are also found within one mile of this project. Fire protection is available from BONANZA RFPD with a station three miles north.

5. FINDINGS:

All evidence submitted as the staff report, exhibits b-6, and offered testimony show that the approval criteria as set out in Code Article 54 have been satisfied.

The Hearings Officer finds this application;

1. Is compatible with farm use because:

The analysis of surrounding properties and their use indicates the size of the proposed parcels and the proposed use as large lot rural-residential is compatible with the predominant adjacent land uses as the existing residential density of the area will not be markedly increased.

2. Does not interfere seriously with accepted farming practices on adjacent lands devoted to farm use because:

The surrounding parcels are found to be developed to rural residential, commercial and non-commercial farm uses. The proposed non-farm residence will not interfere with the on-going use as sufficient lot area and geographic boundaries provide a buffer/setback from agricultural management practices and private pasturage may be used to support limited large animal use for the parcel. The permit holder has proposed as a condition of this approval to file a restrictive covenant which will prohibit the permit holder and successors in interest from filing complaint concerning valid farming practices on nearby lands. The Hearings Officer finds this will mitigate impact to farm/resource operations.

3. Does not alter the stability of the overall land use pattern of the area because:

The overall land use of part of this area is found to be large lot rural residential and non commercial farming. The land use pattern of the area will not be modified as the residential intensity will be marginally increased.

4. Is situated upon generally unsuitable land for the production of farm crops and livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, vegetation, location, and size of the tract because:

The non farm parcel is substantially larger than the minimum lot size, but found of low value for commercial agricultural use. The Hearings Officer finds this non farm parcel unsuitable for commercial agricultural use due to its viability, Soils rating, and the testimony of the applicant stating a farm income suitable to support a family cannot be generated on this property.

5. Access to the parcel is from a county maintained paved road. Use of the road will not interfere with farm practices.

6. ORDER:

Therefore, it is ordered the request of LEPPERT, CUP 9-97 is approved subject to the following conditions:

1. The applicant shall file a restrictive covenant with the County Clerk prohibiting the permit holder and their successors in interest from filing complaint concerning existing previously approved resource management practices on nearby lands.
2. This CUP will expire two years from the date below unless utilized or an extension is approved by the Planning Director.
3. This CUP is not valid until proof this property was NOT under Farm Deferral circa January 1, 1993 has been filed.
4. The applicant shall submit proof of legal access to the County Surveyor and submit proof of his approval to the Planning Director prior to permit issuance.
5. The applicant shall prepare and submit a site plan showing conformance with Art 57.070 as it pertains to the siting of a residence within an area denoted as "High Density Deer Winter Range" (p. V-61 (b)(2), prior to permit issuance.

DATED this 21st day of MARCH, 1997

 Neal G. BUCHANAN, Hearings Officer

NOTICE OF APPEAL RIGHTS
