## CONFORMANCE WITH RELEVANT KLAMATH COUNTY POLICIES:

Notice was sent out to 12 surrounding property owners as well as to 8 agencies of concern. To date, no negative response has been received. KCFD No. 1 commented that they have no concerns with the proposal. The City of Klamath Falls will require each residence or inhabited structure to have its own water meter. South Suburban Sanitary District will require a new 4" sewer service to be installed to the SSSD main located on the south side of Anderson Avenue.

The review criteria of Section 44.030 of the Land Development Code requires that:

- A. The use complies with policies of the Comprehensive Plan.

As the requested use is a conditionally permitted use within the RS zone as adopted as part of the Comprehensive Plan, applicant is in compliance with this criterion.

- B. The use is in conformance with all other required standards and criteria

The RS zone allows as a conditional use, an additional dwelling on a lot or parcel greater than 20,000 square feet in size. The applicant meets this requirement as the appropriate CUP application was made, and the lot size is 1.36 acres in size.

- C. The location, size, design, and operating characteristics of the proposed use will not have a significant adverse impact on the livability, value or appropriate development of abutting properties and the surrounding area.

The parcel is of sufficient size to support an additional dwelling. The proposed dwelling is a doublewide manufactured home which meets the standard of manufactured home placement within the UGB. No comment has been received from any of the notified property owners in contrary of review criteria C.

**RECOMMENDATION:** Order:

The Planning Director, based on the above findings and conclusions of the staff report and upon review of the exhibits on file for Conditional Use Permit 22-97, hereby approves the request to allow an additional dwelling in the RS zone subject to the following:

1. A placement permit must be obtained within two years of the date set out below or this permit is null and void.
2. Applicant shall comply with the City of Klamath Falls requirement of a separate water meter for each residence or inhabited structure.
3. Applicant shall comply with South Suburban Sanitary District's requirement to install a new 4" sewer service to the SSSD main located on the south side of Anderson Avenue.
