For value received, Barry Olson (Grantor) hereby grants to PacificCorp, an Oregon corporation, its successors and assigns (Grantee), an easement for a right of way ten (10) feet in width for the construction, reconstruction, operations, maintenance, repair, replacement, enlargement, and removal of underground electric power distribution lines, communication lines and all necessary or desirable accessories and appurtenances thereto, including without limitation: wires, fibers, cables and other conductors and conduits therefor; and pads, transformers, switches, vaults and cabinets; and the right to excavate and refill trenches therefor; along the general course now located by Grantee on, over or under the surface of the real property of Grantor in Klamath County, State of Oregon, more particularly described as follows or as more particularly described and/or shown on Exhibit(s) A attached hereto and by this reference made a part hereof:

Together with the right of access to the right of way from adjacent lands of Grantor for all activities in connection with the purposes for which this easement has been granted; and together with the present and (without payment therefor) the future right to keep the right of way and adjacent lands clear of all brush, trees, timber, structures and other hazards which might endanger Grantee's facilities or impede Grantee's activities.

At no time shall Grantor erect or permit the erection of any buildings or structures of any kind or nature within the right of way without the prior written consent of Grantee, or light any fires, or place or store any flammable materials (other than agricultural crops), on or within the boundaries of the right of way. The rights and obligations of the parties hereto shall be binding upon and shall benefit their respective heirs, successors and assigns; and this easement shall terminate if and when Grantee shall have abandoned all use of the right of way and no longer has any future need therefor.
