Together with the right of access to the right of way from adjacent lands of Grantor for all activities in connection with the purposes for which this easement has been granted; and together with the present and (without payment therefor) the future right to keep the right of way and adjacent lands clear of all brush, trees, timber, structures and other hazards which might endanger Grantee's facilities or impede Grantee's activities.

At no time shall Grantor erect or permit the erection of any buildings or structures of any kind or nature within the right of way without the prior written consent of Grantee, or light any fires, or place or store any flammable materials (other than agricultural crops), on or within the boundaries of the right of way.
