### 5. ORDER

Therefore, it is increby ordered that the applicant's request for a conditional use permit is continued until the applicant provides an adequate transportation study including the following:

- a. an assessment of the cumulative impacts of this development in both phases and after the build out of the Running Y, projected increased general use for the effected transportation routes, and the zoned PUID which is near the proposed project.
- b. The new impact study will either use ODT's projected traffic trips per day or shall justify the departure.
