- b. The parcel in question was legally created.
- c. The parcel meets the "template" forest dwelling criteria, there are over 7 contiguous parcels and at least 3 residences encompassed within the 160 acre template which existed in 1993.
- d. Approval of the requested structure will not create conditions or circumstances that are contrary to the purposes or intent of county planning laws.
- e. Active resource use has not occurred on the subject property or the adjacent properties. The property is not large enough for legitimate forestry use, nor is it viable for commercial agriculture.
- f. Fire protection will be provided and the threat to spreading fire to resource productive properties is mitigated.
- g. The use of the land in the surrounding area is mixed rural residential and rural commercial.
- h. The location of a residence on the parcel will not destabilize the existing land use pattern of the area.
- i. The proposed structure is located on land that is generally unsuitable for timber or agriculture considering the size of the parcel, the soil, and the present vegetation.

- j. As condition to this approval, a written covenant will be recorded which recognizes the rights of adjacent and nearby land owners and operators to conduct farm and forest operations consistent with currently accepted farming practices and the Forest Practices Act of Oregon.
- k. There is no dwelling presently sited on this parcel.
- l. Road access is sufficient.
