The easement referred to herein may be utilized by any of the dominant property for ingress and egress for agricultural and forestry uses. In addition, the said easement may be utilized by the dominant estate for purposes of ingress and egress and the

installation by Second Party and Second Party's agents or contractors of utilities and other services such as are necessary for the construction, maintenance and utilization of a single family dwelling and ancillary outbuildings. In the event that the dominant property is divided, the easement as it provides for access to the single family dwelling and ancillary outbuildings shall apply only to that portion of the parcel on which such single family dwelling and ancillary outbuildings are located. The remainder of the parcel as so divided may continue to be accessed for agriculture and forestry purposes.

The Second Party shall be responsible to lay and continuously maintain three inches of rock gravelling upon the easement for dust control purposes, such gravelling to be applied commencing at Anderson Road (formerly I.O.O.F. Maintenance of the easement herein granted and costs of repair of the easement, if damaged by natural disasters or other events for which all holders of an interest in the easement are blameless, shall be the responsibility of the Second Party. Should either party cause damage to the easement because of negligence or abnormal use, said party shall be responsible for the cost of repair of said damage as their sole expense.

The Second Party, Second Party's successor or assigns, shall not be liable to First Party for damage to the above-described premises occurring incidental to the proper use of this easement, PROVIDED, HOWEVER, that in the event of damage to the premises occasioned by the construction process, or damage to premises outside of and adjacent to the above-described parcel caused by the Second Party, Second Party's successors and assigns, the party causing such damage shall repair the same and place said premises in as good a condition as they were immediately prior to such damage.

The easement herein granted shall be perpetual.
