AFFIDAVIT

STATE OF OREGON,)
)
 County of Klamath.) ss.

I, Harry Clarkson, being first duly sworn, depose
 and say:

That I am a resident and inhabitant of the Klamath
 Marsh area through which the upper Williamson River flows,
 and I am a member of the Klamath Indian Tribe.

Through astute observation for the past seventy
 years, it is my calculated opinion that if the U. S. Forest
 Service and private logging operators continue the practice
 of clear cutting timber within the water shed of the Upper
 Williamson River and its tributaries, we will witness a
 marked decrease in the water flow of the Upper Williamson
 River, its tributaries, the springs in the area, as well as
 the sub-surface water within the Klamath Marsh.

The hills and mountains surrounding the Klamath
 Marsh are normally a heavy snowfall area, and if the trees
 and brush, which grow on the porous, volcanic ash type soil
 known as pumice, are eradicated, the shade afforded by such
 native herbage will be lost, thusly allowing the snow pack
 to prematurely melt and this in turn will create extremely
 dry conditions during the late spring and early summer months.
