Limited Rights and Obligations: Most uses of water in Oregon require a water right permit issued by the Oregon Water Resources Department. However, some uses of ground water are exempt from permitting requirements under Oregon Revised Statutes 537.545.

Whether or not a use of ground water is exempt from permitting requirements, a landowner is responsible for maintaining any well on the landowner's property in proper condition so that a well does not pose a health threat or health hazard, and does not contaminate or serve as a source of waste of the ground water resource by allowing loss of artesian pressure or commingling of aquifers.

Wells may be permanently abandoned by licensed and bonded well constructors or a bonded and permitted landowner.

Additional obligations of a landowner with regard to well maintenance and abandonment of wells can be found at Oregon Revised Statutes 537.747 to 537.795 and Oregon Administrative Rules Chapter 690, Division 200 to 240.
