Such operations include management and harvesting of timber, disposal of slash, reforestation, application of chemicals, road construction and maintenance, and other accepted and customary forest management activities conducted in accordance with federal and state laws. Grantee hereby waives all common-law rights to object to normal, necessary and non-negligent forest management activities legally conducted upon the Grantor's Property and upon other adjacent lands of Grantor, its successors and assigns, now owned or hereafter assigned, which might conflict with Grantee's use of the Grantee's Property for residential purposes. Grantee hereby grants and conveys an easement to Grantor, its successors and assigns, for the benefit of Grantor's Property and other adjacent lands of Grantor, its successors and assigns (now owned or hereafter acquired), for the resulting impact upon Grantee's Property caused by the above-described forest management and harvesting activities.
