CUP TYPE II
 ADMINISTRATIVE
FINAL ORDE

1. NATURE OF THE REQUEST:

The applicant requests a Conditional Use Permit to add antennas and equipment cabinets within an existing cellular tower site on a parcel zoned Forestry Range (FR). The Planning Director reviewed the request February 25, 2009 pursuant to KCLDC Article 22 – Administrative Review Procedure, Article 32 – Public Notice, Article 44 – Conditional Use Permit, and Article 63 – Wireless Telecommunications Facilities.

2. NAMES OF THOSE WHO PARTICIPATED:

The Planning Director in review of this application was Leslie C. Wilson. Alyssa Boles, Planner, prepared the Planning Department Staff Report.

3. LEGAL DESCRIPTION:

The subject property described in Conditional Use Permit File located in the Planning Department is described as Township 23 South, Range 10 East Willamette Meridian, Section 18, Tax Lot 01100.

4. RELEVANT FACTS:

The applicant intends to add antennas and construct equipment cabinets within an existing cellular tower site. Planning was unable to find records that determined the original approval date of the tower, but found a final order for CUP 71-05, which allowed for co-locates on the existing tower (Exhibit 6). The subject parcel does not contain wetlands. The parcel is in Flood Zone C per FEMA map 410109 0075B. This parcel is in a High Wildfire Hazard area. The subject parcel does not contain any Goal 5 resources.

KLAMATH COUNTY CLERK

5. FINDINGS:

All evidence submitted shows that the approval criteria as set out in the code have been satisfied. The Planning Director finds this application does conform to criteria set out as follows:

KCLDC Article 44.030(A-C)

- A. The use complies with the Klamath County Comprehensive Plan Goal 1 - Citizen Involvement because of the public notification process, Goal 2 - Land Use Planning because of participation in the quasi-judicial process, and Goal 11 - Public Facilities and Services, for supplying a public service.
- B. Planning was unable to find any permits that determined when the original tower was established, but found Conditional Use Permit 71-05, which allowed for co-locates on the existing tower. Conditional Use Permit 71-05 was approved and found to be in compliance with KCLDC Articles 41, 44, 54, and 63. The site plan submitted shows additions to the tower comply with all requirements of KCLDC Article 41 and 63.
- C. The location of the existing cellular tower is not being modified. Since the location is not changing, there should be no significant adverse impact on the surrounding area. Addition of antennas will not change the overall structure of the site. An additional building would have minimal impact because it would be located within the existing compound.

6. ORDER:

Therefore, upon review of the information and exhibits, it is ordered the request of Ryka Communication for approval of Type II Administrative Review 12-08 is **APPROVED** subject to all Federal and State law, rules, or policy; Klamath County Land Development Code and County Ordinances; Oregon Fire Codes and Appendices; Oregon Building Codes and Appendices; Klamath County Public Works Standards, Policies, and Procedures; and, subject to the following additional Conditions of Approval:

Condition # 1

Prior to any site development, final clearances from Planning and Building must be obtained.

Condition # 2

Prior to application for site development permits, this final order must be recorded to the subject property. The applicant will supply the Planning Department with the applicable County Clerk recording fees and the Planning Department will record the final order on behalf of the applicant.

Condition # 3

This approval will expire two years from the date of approval unless a Building Permit has been issued.

DATED this 25 day of FEBRUARY, 2009.

Leslie C. Wilson, Planning Director

Signed & Acknowledged before me this 25 day of Feb., 2009.
