**5. FINDINGS:**

All evidence submitted shows that the approval criteria as set out in the code have been satisfied. The Planning Director finds this application does conform to criteria set out as follows:

KCLDC Article 44.030(A-C)

- A. The use complies with the Klamath County Comprehensive Plan Goal 1-Citizen Involvement, Goal 2-Land Use Planning and Goal 11 – Public Facilities and Services.
- B. The original tower was reviewed under this code, KCLDC Article 63 and approved per CUP 52-00, approved November 19, 2000 (Exhibit 6). The tower was constructed to meet Oregon Building Code standards as was permitted through Planning through a commercial site plan review (Exhibit 7)
- C. The location of the existing cellular tower is not being modified. Since the location is not changing, there should be no significant adverse impact on the surrounding area. Addition of antennas will not change the overall structure of the site. Additional equipment cabinets would have minimal impact because they would be located within the existing compound.
