The subject property is conveyed SUBJECT TO THE FOLLOWING:

1. The land and all improvements thereon are conveyed in their "AS IS" condition and Grantor warrants nothing concerning the physical condition of the land and improvement or its fitness for any use.

2. Grantees shall not suffer or permit any waters to drain, seep or percolate from said premises into the Klamath Project System and Purchaser and their heirs, devisees, personal representatives, grantees, vendees, transferees, and assigns agree in all and any events to forever and in perpetuity indemnify, defend, and hold Klamath Irrigation District and the United States of America and their respective successors and assigns wholly harmless, without limitation by the following recital, from any and all claims, suits, actions, proceedings, liability, injuries, or damages including those which are not presently known or foreseeable arising, resulting, occurring, or attributable directly or indirectly in whole or in part to any such waters including the quality of such waters and any costs and expenses of cleaning, treating, or eliminating such waters.

3. Grantees and their heirs, devisees, personal representatives, grantees, vendees, transferees and assigns shall be responsible for constructing and maintaining a fence adequate to prevent children from obtaining access from the premises herein conveyed to the right of way of the 7 A Drain or any other adjacent right of way, canal, ditch or drain of the United States or controlled by Klamath Irrigation District and they agree in perpetuity to indemnify, defend and hold Klamath Irrigation District and the United States of America and their respective successors and assigns harmless from any and all claims, suits, actions, proceedings, liability, injuries or damages arising, resulting, occurring, directly or indirectly in whole or in part from their failure to construct and maintain such a fence.

4. Grantees take the property subject to the rights if any of the people currently in possession of the subject property.

5. All of the agreements, covenants, rights, grants, rights of way, easements, prescriptions and servitudes set forth on this Deed shall forever and perpetually run with and bind all of the land for the benefit of the Klamath Irrigation District, the United States and their respective successors and assigns.

6. Klamath Irrigation District hereby reserves and retains for the benefit of itself and the United States of America and for their respective successors and assigns a perpetual right, right of way, easement and servitude in and upon the land herein sold for all percolation, seepage, leakage, overflow, flooding or any failure or lack of drainage which now exists or which at any time heretofore has occurred or resulted from any irrigation or drainage facility now constructed or in existence on or near any part of the said premises.

7. Klamath Irrigation District hereby reserves and retains for the benefit of itself and the United States of America and for their respective successors and assigns a perpetual easement over, across, on and through a strip of land 55 feet wide, lying parallel to and located along the westerly boundary of the subject property. This easement is for the 7A Drain and for the maintenance, repair, improvement and operation of said drain and for any structures that may replace it.

Grantee acknowledges that at the time of the execution and delivery of this Deed, there are improvements, including a large shed on the area of this Easement. In the event that Grantor, or its successors or assigns, desires that said existing improvements and any additions and replacements thereto be removed from the area of the easement, Grantee, their successors and assigns, shall remove said improvements within 30 days after Grantor deposits a written demand for such removal in the United States mail, postage prepaid, and addressed to the last mailing address provided by Grantees or their successors in interest to Grantor.

In the event Grantee fails to remove said improvements, then Grantor may remove the improvements and shall have a lien against the land conveyed hereby for Grantor's actual costs of removing and disposing of said improvements. Said lien shall include any actual costs incurred by Grantor in enforcing and foreclosing its lien, including Grantor's attorney fees incurred in enforcing its lien and on any appeal therefrom.
