ORDER

KLAMATH COUNTY FORESTLAND CLASSIFICATION COMMITTEE

WHEREAS, the County Forestland Classification Committee for Klamath County, State of Oregon, under authority granted in ORS 526.310 through 526.328, has investigated and studied forestland within the said County of Klamath, and has determined which of such land is suitable for the production of timber, and which of such land is suitable for grazing or other agricultural use; and

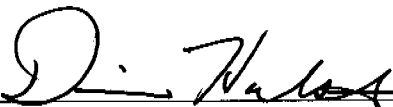

WHEREAS, upon the basis of such investigation and determination of said Committee, on the 1st day of February, 2013, has adopted a preliminary classification of such land, and caused notice thereof to be published and posted as provided by law, and has held the public hearing provided herein at the time and place stated in said notice; and

WHEREAS, after said public hearing the said Committee made its statement of findings of fact, a copy of which, marked "Exhibit A" for identification, is hereto attached, and by reference is made a part of this order, and said Committee has also prepared a table showing the classifications of said land, copies of which, marked "Exhibit B" for identification, are hereto attached, and by reference, are made a part of this order. Maps of the said classification are available for inspection at the Klamath Falls ODF office at 3200 Delap Rd. or the Walker Range FPA office at 135393 Hwy 97 N, Crescent, OR 97733;

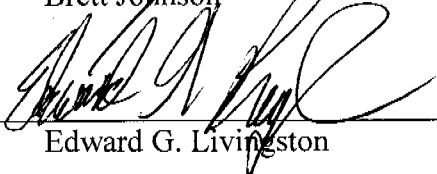

NOW, THEREFORE, IT IS HEREBY ORDERED by the County Forestland Classification Committee for Klamath County, State of Oregon, that those lands Designated and shown on said "Exhibit B" are so classified as Class 2 or 3 Forestland, under the provisions of ORS 526.310 through 526.328.

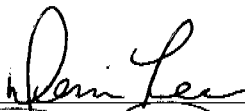

Done this 1st day of February, 2013.

County Forestland Classification Committee
for Klamath County

Exhibit "A"

STATEMENT OF FINDINGS OF FACT

KLAMATH COUNTY FORESTLAND CLASSIFICATION COMMITTEE

WHEREAS, the County Forestland Classification Committee for Klamath County, State of Oregon, under the authority and direction of ORS 526.310 to 526.328 has caused the investigation and study of all forest land within Klamath County, State of Oregon, and has determined which of the land meets the definition of "forestland" as described in ORS 526.005 (5)(a) & (b); and

WHEREAS, in making such determination, the committee as per ORS 526.320 and OAR 629-045-0030 has taken into consideration the climate, topography, elevation, rainfall, soil conditions, roads, extent of fire hazards, recreation needs, scenic values, and other physical, economic and social factors and conditions relating to the land involved.

WHEREAS, the method the committee used for assignment of the preliminary classification was for the Committee to view historic and recent aerial photography in order to view the vegetation type across the landscape. This information was used by the Committee to identify lands that meet the definition of forestland and to make the preliminary classification assignments. In addition, the Committee received professional opinions and perspectives from wildland fire professionals, and foresters along with opinions from local landowners and the public. When the Committee experienced difficulty in determining boundaries or preliminary classification assignments, group discussions, on site visits, personal observations from committee members, soil data, USDA Landfire data, and USDA Vegzone data assisted the full committee in arriving at the determined classification.

NOW, THEREFORE, the County Forestland Classification Committee for Klamath County, State of Oregon, does hereby set forth its findings of fact based upon the aforementioned study, investigation and determination:

- (1) That said investigation and study was undertaken by said committee on October 14, 2010, completed on February 1, 2013, and resulted in the Order to which this statement is attached.
- (2) That in making such investigation and study, said committee determined which forestland is Class 2 or Class 3, as such classes are defined in ORS 526.324.
- (3) That said committee has caused the preparation of a table which reveals said forestland classification in Klamath County, which table is by reference made a part of the Order to which this statement is attached.

- (4) That the aforementioned land classifications were determined from the best facts and information available to said committee, and that said actions and determinations of the committee were at all times made with a quorum of the committee present.
