15. **Fire Suppression and Control.** Grantee shall comply with all laws and regulations pertaining to fire protection and suppression, and take every reasonable precaution to prevent fires from igniting on the Grantor Property or spreading onto other Grantor lands. 16. **Successors and Assigns.** The rights and obligations herein shall inure to the benefit of and be binding upon the respective heirs, devisees, successors and assigns of the Parties.

17. **Prior Rights.** This grant and all rights hereunder are subject to all liens, easements, servitudes, rights of way, oil, gas, and mineral leases, and all other grants or reservations either of record or on the ground affecting the Grantor Property. By this grant, Grantor grants no greater rights than it is permitted to grant in view of such encumbrances.

18. **Termination.** If for a period of two (2) years Grantee shall cease to use, or preserve for prospective future use, the Road or any portion thereof, for the purposes herein granted, this Agreement shall terminate upon written notice from Grantor to Grantee. Grantor may also terminate this Agreement for a material breach by Grantee of any terms or obligations contained in this Agreement or, in its discretion, suspend all rights of Grantee under this Agreement until the breach has been cured. In the event of a termination, Grantee covenants that it will execute a statement in recordable form evidencing such termination that can be recorded by Grantor.

19. **Severability; Relation to Existing Law.** If any provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner adverse to either Party. Upon any such determination, the Parties shall negotiate in good faith to modify this Agreement so as to affect the original intent of the Parties as closely as possible in an acceptable manner to the end that transactions contemplated hereby are fulfilled to the extent possible. Notwithstanding any other provision of this Agreement, the invalidation of any provision herein relating to the Parties' remedies shall not be interpreted to prevent an injured Party from seeking actual damages. If subsequent to the date of this Agreement valid State or Federal laws or regulations governing the relationship between Grantor and Grantee take effect, this Agreement shall be considered to incorporate such laws or regulations so long as they shall be effective, and any provision of this Agreement in conflict therewith shall during such period be void.

20. **Waiver.** No failure of either Party to exercise any power given hereunder or to insist upon strict compliance with any obligations specified herein, and no custom or practice at variance with the terms hereof, shall constitute a waiver of any Party's right to demand strict compliance with the terms hereof; provided, however, that any Party may, at its sole option, waive any requirement, covenant or condition herein established for the benefit of such Party without affecting any of the other provisions of this Agreement.

21. **Subordination.** Any mortgage or deed of trust affecting any portion of the Easement Area shall at all times be subject and subordinate to the terms and conditions of this Agreement, and any party foreclosing any such mortgage or deed of trust, or acquiring title by deed in lieu of foreclosure or trustee's sale, shall acquire title subject to all the terms and conditions of this Agreement.

22. **Entire Agreement; Construction.** This Agreement sets forth the entire and complete agreement between the Parties with respect to the subject matter hereof. Any prior agreements, commitments, or representations, express or implied, between the Parties are superseded by this Agreement. This Agreement may be altered, amended, or repealed only by a written instrument executed by both Parties. No provisions of this Agreement shall be construed against or interpreted to the disadvantage of any Party hereto by any court or governmental or jurisdictional authority by reason of such Party having been deemed to have structured, written, drafted or dictated such provisions. The Recitals to this Agreement and the Exhibits attached to this

Agreement are incorporated herein by this reference. The captions and headings of this Agreement are for convenience only and shall not define, limit, or describe the applicability, scope, meaning, or intent of any provision of this Agreement. Capitalized terms which are defined in the recitals hereof shall have the meaning given.

23. **Attorneys' Fees.** In the event any arbitration, action, suit or legal proceeding is instituted by either Party to this Agreement, the prevailing Party shall be entitled to recover from the non-prevailing Party both reasonable attorney fees and reasonable expert witness fees as determined by the court or arbitration panel, both at trial and on appeal or review and in bankruptcy, whether or not the matter in dispute involves an issue peculiar to federal bankruptcy law. Attorney fees and expert witness fees shall be in addition to other costs and disbursements allowed by law. "**Prevailing Party**" shall be determined by the arbitrator, or any court, as the true prevailing party (not statutorily prevailing party) after taking into consideration any settlement offers made by the Parties and the number and importance of issues to be determined.

24. **Disputes.** If disputes arise under this Agreement, the Parties will first attempt to negotiate a solution through this process: (a) the initiating party will present a written explanation of the dispute and the remedy requested; (b) within 14 business days after receiving such a statement, the other party will respond by either agreeing to the requested remedy, counter-proposing a different remedy, or explaining why the issue does not justify any remedy; and (c) if the matter is not settled within 10 days after the response is received by the initiating party, the dispute shall be settled by binding arbitration. If the Parties are not able to promptly agree on an arbitrator and the arbitration rules to be used, the initiating party may offer a list of at least 5 candidates for arbitrator and the arbitration rules each candidate would use if selected, and the responding party will choose the arbitrator from that list. Each candidate must have at least 15 years of commercial law experience and special training or experience in arbitration of business disputes. The arbitral award shall be final and binding on the parties and judgment on any award may be enforced in any court having jurisdiction thereof.

25. **Notices.** All notices required or permitted to be given hereunder, or given in regard to this Agreement by one Party to the other, shall be in writing and the same shall be given and be deemed to have been served, given and received (i) if delivered by hand, when delivered in person, (ii) if sent by reputable overnight courier, the next business day following the date on which the notice was sent, or (iii) if mailed, when placed in the United States mail, postage pre-paid, by certified mail, return receipt requested, addressed to the Party at the address hereinafter specified.
