RIGHT-OF-WAY AND EASEMENT AGREEMENT

THIS RIGHT-OF-WAY AND EASEMENT AGREEMENT ("Agreement") is entered into this 20th day of December, 2016, by and among Rodney Alvin Cheyne and Nichelle Malene Cheyne as Tenants by the Entirety, whose address is 14130 Matney Rd, Klamath Falls, OR 97603 ("**Grantor**"), and Pacific Connector Gas Pipeline, LP, a Delaware limited partnership, acting through its general partner, Pacific Connector Gas Pipeline, LLC, a Delaware limited liability company, 5615 Kirby Drive, Suite 500, Houston, TX 77005 ("**Grantee**").

For valuable consideration, Grantor does hereby grant, sell and convey to Grantee, its successors and assigns, a perpetual, non-exclusive right-of-way and easement ("**Easement**") to locate, survey, construct, entrench, maintain, repair, replace, protect, inspect and operate a pipeline, cathodic equipment and/or appurtenances, which may be constructed above or below ground, including but not limited to valves and metering equipment, electrical and/or communications cable, underground conduit, splicing boxes, and roads (collectively, the "**Facilities**"), which may be on, over, under, above and through the land legally described below ("**Property**"). Grantor warrants that it is the fee simple owner of the Property, which is situated in the County of Klamath, State of Oregon, and legally described as follows:

That certain parcel of land lying in Section 12, Township 40 South, Range 9 East of the Willamette Meridian and being more particularly described on the attached Exhibit B.

The Property is also known by County Assessor Parcel Number(s): R93589

A centerline survey depiction of the pipeline is set forth in Exhibit A attached and made a part of this Agreement. For purposes of illustration, the real property encumbered by the Easement is fifty (50) feet in width, being twenty-five (25) feet on each side of the centerline of the pipeline to be constructed by Grantee and located as shown on Exhibit A. The Easement consists of approximately 0.897 acres.

This Agreement conveys to Grantee, its affiliates, and their contractors and designees the right of ingress and egress to and from the Facilities over, across and through the Property, and access on and within the Easement, with the right to use existing and future roads on the Property, for the purposes of surveying, constructing, inspecting, repairing, protecting, operating and maintaining the Facilities and the addition, removal or replacement of the same at will, either in whole or in part, with either like or different size pipe ("**Work**"). Grantee, its affiliates, and their contractors and designees may use such portions of the property along and adjacent to the Easement as may be reasonably necessary during construction and repair of the Facilities, and as clearly defined and shown in Exhibit A.

Grantee agrees that within a reasonable time following the completion of the Work and subject to weather and/or soil conditions, Grantee shall, as near as practicable, restore the Easement to its original contour and condition. Grantee agrees to compensate Grantor adequately for impacts that directly result from the Work. Any other recognizable impacts to other real or personal property that result from the Work shall be repaired by Grantee, or the Grantor shall be compensated for such repairs. Grantee shall have the right to cut and to keep clear without payment all timber, wood products, trees, brush, native growth or foliage and other obstructions that may, in the Grantee's opinion, endanger, hinder or conflict with the construction, repair, operation, inspection, protection, maintenance and use of the Facilities.

Grantee shall possess the above-described rights, together with all rights necessary to operate, protect and maintain the Facilities within the Easement granted to the Grantee, its successors and assigns. Grantee may assign the rights granted under this Agreement, either in whole or in part, subject to the terms of this Agreement, with such rights deemed to be covenants running with the land and to be binding upon Grantor, its heirs, legal representatives and successors in title.

Grantee may at any time permanently abandon the Easement and, at Grantee's sole discretion, may remove or abandon in place the Facilities. Upon such abandonment, Grantee may, at its discretion,

execute and record a reconveyance and release of this Agreement whereupon this Agreement with all rights and privileges mutually granted hereunder shall be fully canceled and terminated.

Grantor reserves the right to use and enjoy the Property except for the purposes granted in this Agreement and the limitations on Grantor's use set forth herein. Any pipeline constructed by Grantee across lands under cultivation shall, at the time of construction, be buried with a minimum of five (5) feet of cover from top of the pipe so as not to interfere with such cultivation. Grantor shall have the right to cultivate, work, plow, harvest and use the land granted within the Easement so long as it shall not hinder, conflict or interfere with Grantee's surface or subsurface rights, including its right to cut and keep clear the Easement area as set forth above, or disturb its ability to operate, maintain and protect the Facilities. Grantor is prohibited from creating or maintaining roads, reservoirs, excavations, changes in surface grade, obstructions or structures within the described Easement without the express written consent of Grantee.

Grantee shall indemnify and hold Grantor harmless from and against any and all loss, damage, or injury that may result from the construction, operation and maintenance of the Facilities; provided, however, that said loss, damage, or injury does not arise out of or result from the actions of the Grantor or his/her agents or employees.

Grantor agrees to indemnify Grantee against any environmental liability that predates the date of this Agreement or that was caused solely by the Grantor's or his/her agents' or employees' actions or inactions.

Grantee shall have the right to discharge or redeem for Grantor, in whole or in part, any mortgage, tax or other lien on the Property and shall be subrogated to such lien and rights.

It is mutually understood and agreed that this Agreement and the attached exhibits, as written, cover and include all of the agreements between the parties except as may otherwise be provided in a Temporary Construction Easement Agreement or Access Road Agreement and that no representations or statements, verbal or written, have been made modifying, adding to or changing the terms of this Agreement.

The terms, conditions and provisions of this Agreement shall extend to and be binding upon the heirs, executors, administrators, personal representatives, successors and assigns of the parties. Each and every easement, covenant, condition, restriction and agreement contained herein shall constitute a covenant running with the land in favor of the land thereby burdened. Either party may record this Agreement in the records of real property in the county where the Property is located.

This Agreement may be executed in counterparts so that when taken together, such counterparts constitute a single, fully executed document.

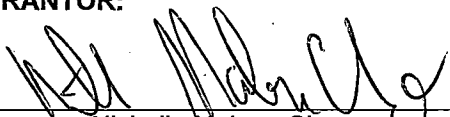

IN WITNESS WHEREOF the parties have EXECUTED THIS CONVEYANCE AND
AGREEMENT THIS 20th DAY OF December, 20 16.
