TEMPORARY CONSTRUCTION EASEMENT AGREEMENT

THIS TEMPORARY CONSTRUCTION EASEMENT AGREEMENT ("**Agreement**") is entered into this 31 day of March, 2017 ("**Effective Date**"), by and among Judah Marchessault and Jessica M. Marchessault, Husband and Wife, by Tenants by the Entirety, whose address is 575 Joe Wright Rd., Klamath Falls, OR 97603 ("**Grantor**"), and Pacific Connector Gas Pipeline, LP, a Delaware limited partnership, acting through its general partner, Pacific Connector Gas Pipeline, LLC, a Delaware limited liability company, 5615 Kirby Drive, Suite 500, Houston, TX 77005 ("**Grantee**").

RECITALS:

A. Grantor and Grantee have entered into that certain Amendment to Right-of-Way and Easement Agreement, dated of even date hereto ("**Easement Agreement**");

B. The Easement Agreement pertains to certain real property more particularly described in Exhibit B hereto ("**Property**");

C. Pursuant to the Easement Agreement, Grantee will, among other things, construct a pipeline, cathodic equipment and/or appurtenances, which may be constructed above or below ground, including but not limited to valves and metering equipment, electrical and/or communications cable, underground conduit, splicing boxes, and roads (collectively, the "**Facilities**") and, in connection therewith, requires certain construction workspace ("**Construction Workspace**"). The approximate location of the Construction Workspace is designated on Exhibit A attached hereto and made a part of this Agreement.

D. Grantor and Grantee previously entered into a Construction Stipulation Agreement, dated May 14, 2016, and recorded in the records of Klamath County, Instrument Number 2016-005455 ("**Construction Stipulation Agreement**"). Grantor and Grantee now intend to terminate the Construction Stipulation Agreement and to replace the Construction Stipulation with this Agreement.

NOW THEREFORE,

It is understood and agreed by Grantor and Grantee that the Construction Stipulation Agreement is terminated and is of no further force and effect and that this Agreement shall govern use of the Construction Workspace on the Property as provided herein.

It is further understood and agreed by Grantor and Grantee that the Construction Workspace is to be used by Grantee, its affiliates, and their contractors and designees in connection with the construction of the Facilities. Upon completion of the above described work and final restoration of the Construction Workspace, Grantee's interest in said land will revert to Grantor, except as provided by the Easement Agreement.

Grantee agrees that within a reasonable time following the completion of its work and subject to weather and/or soil conditions, Grantee will as near as practicable restore said Construction Workspace to its original contours. Grantee will compensate Grantor for adequately documented impacts directly resulting from its work. Impacts to real or personal property will be repaired by Grantee or the Grantor will be compensated for such repairs. Specific conditions, which will apply only to the initial construction of the Facilities, are described in Exhibit C attached hereto and made a part of this Agreement.

The term of this Agreement begins upon the Effective Date and expires on the fifth anniversary of the Effective Date ("**Expiration Date**"). At the election of Grantee, the term of this Agreement may be extended by up to five years following the Expiration Date in exchange for additional rental payments

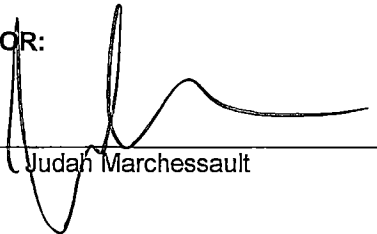

("Extension Payments"). The Extension Payments shall be calculated by increasing by five percent (5%) the initial rental payment made in exchange for this Agreement and dividing that amount by five. Each Extension Payment made by Grantee to Grantor shall entitle Grantee to an additional year of Construction Workspace beyond the Expiration Date, for a total extension of up to five years.

Grantee will possess the above-described rights and such rights will be binding upon Grantor, its heirs, legal representatives and successors in title. Either party may record this Agreement in the records of real property in the county where the Property is located.

Grantee will not be held liable for damages of any kind that arise due to the negligent acts or willful misconduct of the Grantor, its successors, assigns, permittee, agents or contractors.

EXHIBIT C

CONSTRUCTION STIPULATIONS

In accordance with the terms and conditions of this Agreement, Grantor and Grantee agree that Grantee's Facilities will be constructed on Grantor's Property in accordance with the following terms and conditions:

1. Grantee will notify Grantor, in writing, at least 10 days prior to commencement of survey activities on the Property and, via phone or in writing, at least 30 days prior to commencement of tree clearing and removal or other construction preparation on the Property.
2. Grantee will construct the Facilities in compliance with the engineering, design, and safety standards of the U.S. Department of Transportation Pipeline and Hazardous Materials Safety Administration in effect at the time of construction.
3. Grantee will remove all construction waste and debris after completion of construction activities.
4. Grantee will restore all existing access roads and driveways disturbed by the construction to a condition equal to or better than existed prior to construction. Restoration will include final grading where necessary, including the road to Grantor's barn.
5. Grantee will compensate Grantor for impacts to the Property from construction of the Facilities not repaired by Grantee, including impacts to timber, growing crops, pasture, and livestock.
6. Grantee will erect temporary fencing as necessary to control livestock and maintain the livestock a safe distance from the construction activities. During construction, Grantee agrees that it will maintain mutually agreed upon ditch crossovers to allow livestock to have access to water and/or feed.
7. Grantee will protect and/or restore the drip irrigation system if damaged by the construction of the pipeline, which system shall be repaired in a good and workmanlike manner. The system is located on the south side of the Property.
