KLAMATH PROJECT

CONTRACT AND GRANT OF PERPETUAL EASEMENT
FROM
DAVID E. BOLLINGER AND GEORGIA J. BOLLINGER
TO
THE UNITED STATES OF AMERICA, DEPARTMENT OF THE INTERIOR,
BUREAU OF RECLAMATION

GRANTORS:

**David E. Bollinger and Georgia J. Bollinger,
As Tenants by the Entirety**

THIS CONTRACT made this 6th day of March, 2018, pursuant of the Reclamation Act of 1902 (32 Stat. 388) and Acts amendatory thereof and supplemental thereto, all of which are commonly known and referred to as Federal Reclamation Law, between THE UNITED STATES OF AMERICA ("Grantee"), acting by and through the Department of the Interior ("Interior"), Bureau of Reclamation, represented by the officer executing this Contract and Grant of Perpetual Easement ("Easement") on its behalf, and DAVID E. BOLLINGER AND GEORGIA J. BOLLINGER, as Tenants by the Entirety, ("Grantor" or "Grantors"), current owners of the lands located in Klamath County, Oregon, shown on the map labeled Exhibit "A" and more particularly described in Exhibit "B". Grantee and Grantors collectively referred to as "Parties" herein.

RECITALS

WHEREAS, the Klamath Project ("Project") was constructed by order of the Secretary of the Interior pursuant to the authority of the Reclamation Act, for the purpose of providing irrigation to lands within the Klamath Basin, and for other lawful and beneficial purposes; and

WHEREAS, to accomplish the lawful purposes of the Project, facilities including the F-1 Lateral were constructed in the past, and the F-1 Lateral was at some later time extended to benefit the Project, including specifically the conveyance of waters for beneficial use; and

WHEREAS, it has come to the attention of the Parties that portions of the extended F-1 Lateral were previously constructed over lands of the Grantors without formal acquisition of an easement or other written document conveying to the Grantee the right to enter, construct, and use the F-1 Lateral; and

WHEREAS, it is the mutual desire and intent of the Parties that the F-1 Lateral remain in place, but to also mutually reconcile and ratify the use of the lands of the Grantors and the rights of the Grantee through execution of this Contract and Grant of Easement;

NOW THEREFORE, in consideration of the mutual covenants and agreements, and subject to the terms and conditions herein contained, the Parties hereto agree as follows:

EASEMENT TERMS

1. The Grantors, their heirs, successors, and assigns, for valuable consideration, acceptance of which is hereby acknowledged, do hereby grant, bargain, convey and confirm unto the Grantee and its assigns, the right, privilege, and perpetual easement to access, construct, reconstruct, use, inspect, repair, operate, and maintain, and abandon and remove the F-1 Lateral, shown on the map in Exhibit "A" and more particularly described in Exhibit "B" all of which Exhibits are attached hereto and made a part hereof.

2. The Grantors shall convey, and the Grantee shall accept, this Easement on the terms herein expressed. Upon execution, the rights granted herein shall become effective on the date hereinabove written, and shall remain effective in perpetuity.

3. As complete compensation and consideration for the Grant of Easement and the use of said lands by the United States as provided herein, the United States shall pay to the Grantor the sum of \$4,575.00, including just compensation for the land rights taken and severance damages. The Grantor hereby releases the United States

and its assigns of all obligations to complete a self-contained appraisal to determine the amount of just compensation.

4. The Easement premises herein described shall include the right of the Grantee to:

a. construct, reconstruct, excavate, remove, clean, repair, maintain, or alter the F-1 Lateral in any manner within the limits of the Easement described;

b. trim, cut, fell and remove underbrush, obstructions, and any other vegetation, structures, or obstacles within the limits of the Easement as necessary to allow reasonable, safe, and reliable operation of the F-1 Lateral;

c. mark or fence the boundary, if determined necessary by the Grantee, at the expense of the Grantee, to protect improvements, features, or public safety, in coordination with the Grantor, and assuring continued reasonable use and access by the Grantor via gate(s) or other means mutually agreeable;

d. reasonable access, ingress, and egress for the purposes of allowing the uses described herein and as shown on the attached Exhibit A.

5. The Grantors, their successors and assigns, reserve the right to use and enjoy the fee estate servient to the Easement for any purposes which will not interfere with the Easement privileges herein conveyed to the Grantee, or endanger or damage any improvements or features of the Grantee on the premises of the Easement, but such reserved rights shall not extend to or include the following unless specifically approved in writing by the Grantee:

a. the erection of any buildings or structures within the easement area without written approval of the Grantee;

b. the planting, replanting, cultivation, or placement of any species of shrubs or trees;

c. the removal, shifting or alteration in any manner of sand, gravel, concrete, or other materials contributing to the stability and utility of the F-1 Lateral without the written permission of the Grantee;

d. the conveyance or diversion of water by underground, or above ground pump, pipe, hose, ditch, or other conveyance or system, except as may be legally permitted under authority other than this Easement.

6. The Grantors agree to take reasonable care to avoid, prevent, or inform the Grantee of, contamination, damage, trespass, and unauthorized trespass or encroachment upon the Easement premises by the Grantors, their successors, assigns, agents, or other third parties.

7. The Easement is subject to existing rights for highways, roads, railroads, canals, laterals, ditches, pipelines, electrical transmission lines, telegraph and telephone lines and exiting structures present as of the date of this Easement on, over and across the premises of the easement and to any mineral rights of record outstanding in third parties on the date of this Contract and Grant of Easement.

8. Any reconstruction or relocation of the F-1 Lateral or change in use of the premises which is not in accordance with this easement shall not be initiated without advance written approval of the United States and a new legal description shall be recorded and a copy provided to the United States at no cost to the United States.

9. The Grantors warrant that no person or agency has been employed or retained to solicit or secure this Easement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee excepting bona fide employees or bona fide established agencies maintained by the Grantor for the purpose of securing business. For breach or violation of this warranty, the United States shall have the right to annul this Contract and Grant of Easement without liability or in its discretion to require the Grantor to pay the full amount of such commission, percentage, brokerage, or contingent fee.

10. No Member of Congress shall be admitted to any share or part of this Contract and Grant of Easement made, entered into or accepted by or on behalf of the United States, or to any benefit to arise thereupon.

SIGNATURES

IN WITNESS WHEREOF, the parties hereto have executed this Grant of Easement the day and date first above written.

LAND DESCRIPTION

A portion of the northeast quarter of the northwest quarter of Section 32, Township 39 South, Range 10 East, Willamette Meridian, County of Klamath, State of Oregon, being a 40 foot wide strip of land, the centerline of which is more particularly described as follows:

Beginning at a Point on the West one sixteenth line of said Section 32, from which the north quarter corner of said Section 32 bears the following two courses:

1. North 00°16'58" East, 71.30 feet along the West one sixteenth line of said Section 32 to the North line of said Section 32;
2. South 89°10'36" East, 1335.51 feet along the North line of said Section 32;

Thence from the Point of Beginning, the following two courses:

1. North 65°54'55" East, 90.82 feet;
2. North 69°52'49" East, 92.45 feet to the North line of said Section 32 and the Point of Termination.

Excepting therefrom that portion lying within the Hill Road Right of Way, as said right of way is shown upon County Survey 3800, on file at Klamath County Surveyor's Office.

Containing 0.15 acres of land, more or less.

The sidelines of said strip of land shall be extended or shortened as necessary to terminate at the end lines.

The bearings shown herein are based upon the Oregon State Coordinate System of 1983 (based upon NAD 83, epoch 2007.00), South Zone.
