Contract No. 24-LC-20-3257

This TEMPORARY ASSIGNMENT AND ASSUMPTION AGREEMENT (this “**Agreement**”) is made and entered into as of the last signature date below (the “**Effective Date**”), by and between PacifiCorp, an Oregon corporation, formerly known as Pacific Power & Light Company, successor in interest to The California-Oregon Power Company (“**Assignor**”), and the United States (“**Assignee**”) and its assigns, in partial fulfillment of the Klamath Hydroelectric Settlement Agreement dated February 18, 2010, as amended.

RECITALS

- A. Assignor and Assignee have entered a Transfer (Donation) Agreement dated as of December 21, 2022 (the “**Donation Agreement**”).
- B. Assignor hereby temporarily assigns to Assignee certain rights, interests, and obligations of Assignor set forth in agreements Assignor holds with landowners in the Lake Ewauna to Keno reach, including easements and releases as listed in Attachment A attached hereto (collectively, the “**Landowner Agreements**”) to facilitate the long-term process of transfer to the Assignee under Department of Justice (“**DOJ**”) title regulations.
- C. Assignee agrees to temporarily accept this assignment and to temporarily assume all rights interests, and obligations of the Assignor set forth in the Landowner Agreements.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and for the mutual covenants and agreements hereinafter set forth, Assignor and Assignee hereby agree as follows:

AGREEMENT

- 1. Assignor hereby temporarily assigns to Assignee certain rights, interests, and obligations of Assignor set forth in the Landowner Agreements, subject to all terms and conditions herein and contained in the Landowner Agreements. Assignee hereby accepts such temporary assignment and agrees to keep, perform, and observe the terms and conditions contained herein and in the

Landowner Agreements on the part of Assignor or Assignor's predecessor-in-interest, to be kept, performed, or observed with respect to any fact or circumstance that first occurs from and after the Effective Date and through the Term of this Agreement (defined below), subject to the terms and agreements contained herein and in the Landowner Agreements, excepting therefrom any and all terms and conditions that are inconsistent with federal law.

2. Assignor hereby temporarily assigns to Assignee that portion of Assignor's rights and interests in the easements attached as Attachment A and granted to Assignor under the Landowner Agreements, for the purpose of Assignee's continued historic operation of Keno Dam located in Section 31, Township 39 South, Range 8 East, and Section 36, Township 39 South, Range 7 East, both in Willamette Base Meridian. Historic operations are defined by average daily Keno Reservoir water surface elevations between 4085- and 4086- foot elevation (United States, Bureau of Reclamation datum) above mean sea level at the Weed Bridge Gage. The approximate coordinates of this location are North 42°10'28.39" by West 121°47'55.78".
3. The Term of this Agreement shall begin on the Effective Date, and shall continue until **5 years from Effective Date** (the "**Termination Date**"), unless earlier terminated upon the successful completion of the transfer of the Landowner Agreements under paragraph 7 herein.
4. Upon written request by Assignor, not to occur more than once every six (6) months, Assignee shall provide Assignor with written updates regarding Assignee's efforts to acquire the easements contained in the Landowner Agreements, consistent with the DOJ title regulations.
5. The rights interests, and obligations assigned herein encumber the parcels of land in Klamath County, State of Oregon that are identified in the Landowner Agreements (collectively, the "**Subject Property**").
6. The liability of Assignee is governed by the provisions of the Federal Tort Claims Act, Act of June 25, 1948, 62 Stat. 982 (28 U.S.C. § 1346(b), 2671 et seq.), or other applicable law.
7. This Agreement shall terminate upon the successful completion of the transfer of the Landowner Agreements, wherein 'successful completion' is defined as the recording of the appropriate transfer documentation in accordance with relevant county and DOJ requirements, at which point the parties will execute final Assignment and Assumption Agreement(s) as contemplated by the Donation Agreement and in accordance with the form attached thereto.

Disclaimer: Polygons depicted on this map representing landowner agreements were derived from the original ~53 agreements, which variously employed map diagrams, Public Land Survey System legal descriptions, and metes and bounds descriptions to delineate the lands within each agreement. This depiction includes all lands described to be within each landowner agreements at the time it was signed. This depiction does not attempt to reconcile overlaps, gaps, and other discrepancies between agreements. In addition, changes in parcel boundaries in the intervening years mean that many present-day parcels containing land covered by landowner agreements are, in fact, above an elevation subject to flooding as part of operation of the Keno Impoundment. The work of reconciling discrepancies in the old agreements and identifying what present-day parcels contain land subject to flooding will occur as part of the United States' process of transferring land/or acquiring sufficient interests to operate the Keno Impoundment.
